1. **Question:** For purposes of this Solicitation, what is the difference between a coating specialist, a painter, and a painter helper?

Answer: A coating specialist does work that involves fiberglass or entering a confined space to apply a coating. A helper is someone with limited skills.

2. **Question:** On row 13-14 B. Minimum Equipment Required of the Bid Workbook, should it be 20 days rather than 20 hours? Also, would it be better to quote weekly rates, rather than daily so that everyone is quoting the same timeframe?

Answer: 1411877847 Addendum 1 – Appendix B – Bid Workbook replaces the original Bid Workbook. Section B has been modified to require bidders to enter daily and weekly rates.
