

**Industrial Pretreatment**

**FAX NUMBER: (904) 665-7376**

**TWENTY-FOUR (24) HOUR NOTIFICATION FAX FORM**

This is to notify JEA that:

Facility name: \_\_\_\_\_

Permit #: \_\_\_\_\_

has violated the following limits of its Industrial User Discharge Permit:

Sample Point	Date of Sample	Parameter	Results (mg/l)

NOTE: Notification and resampling is NOT required for exceeding COD or TSS surcharge limits.

In accordance with §7.8 of JEA’s Industrial Pretreatment Regulation and Rule 62-625.600(6)(b) FAC, within thirty (30) calendar days of this notification, the waste stream shall be resampled for the parameters listed above and the results of the resampling event along with the reasons for the violations and the corrective measures to be taken to prevent the recurrence of the violations shall be submitted to JEA. Resampling is not required if:

- JEA routinely monitors Permittee’s facility at least once per month, or
- JEA sampled between the above date of sampling and the date of receipt of the results of such sampling.

This event **WAS** or **WAS NOT** (circle one) an UPSET event as defined by 62-625.200, F.A.C.: (23): “Upset” means an exceptional incident in which there is unintentional and temporary noncompliance with categorical pretreatment standards because of factors beyond the reasonable control of the industrial user.

*I certify that I have just become aware of the above referenced violation(s) within the past twenty-four (24) hours.*
