Renewals	<p><u>Dental Insurance Plans</u></p> <p>The purpose of this Request for Proposal (this “RFP”) is to evaluate and select one Dental Insurance Company (“Company” or “Proposer”) to offer fully insured dental coverage, network access, and services to the employees of JEA. Proposer is to provide a fully insured dental insurance program for all full-time employees working twenty or more hours per week, eligible retirees, and their eligible dependents.</p> <p>This request is to execute the first one (1) year renewal from 01/01/2023 to 12/31/2023. MetLife offered a rate guarantee of two (2) years and a PPO five percent (5%) rate cap for the third and fourth years of the contract. 							<p>South lime settling ponds, and pump the sludge to the lime storage drying beds.</p> <p>The last time JEA performed this work, spoils disposal (dredged sludge) was not included in solicitation. This time, JEA had the supplier provide a unit price disposal rate for an estimated 5,000 cu. yards of spoils. C&M Dredging, Inc. submitted a unit price of \$75.00/cubic yard, or \$375,000.00. JEA's current byproducts disposal contract is \$27.00/cubic yard to Chesser Island, so JEA has elected not to have the C&M Dredging, Inc. perform the disposal scope of work and will determine the most cost-effective path for disposal. The award amount of \$347,000.00 is approximately 13.3% lower than the business unit estimate, and is considered reasonable.</p> <p>1410858046 – Request approval to award a contract to C&M Dredging Inc. for CWTS Pond & Surge Basins Dredging services in the amount of \$347,000.00, subject to the availability of lawfully appropriated funds.</p>

5	CONTRACT INCREASE/ RENEWAL	VU	N/A	\$900,000.00	ALMOND ENGINEERING PA.	Three (3) Years with w/Two (2) - One (1) Yr. Renewals	<p><u>General Engineering Services for Pipeline Projects and Studies Less than 16" Pipe Diameter and Manhole Inspections (JSEB Sheltered)</u></p> <p>Professional design and engineering services for water, sewer and reclaimed water projects with a pipe diameter of less than sixteen (16) inches and manhole inspection services. The work is generally described as performing engineering and design services as requested from time to time by JEA for water, sewer and reclaimed water projects for which the estimated construction cost, or the professional service fees for an individual study, do not exceed the amounts set forth in Florida Statutes Section 287.055, known as the Consultants' Competitive Negotiation Act (CCNA), as amended.</p> <p>Competitively bid and awarded on 02/06/2020 to three firms. The original award is attached for reference.</p> <p>During the first three years of the contract the consultants were issued a combined \$2.9M of manhole inspection and \$1.7M of design task orders. The design work included water main, wastewater main, and force main replacements and expansions. These projects have been installed by both JEA construction crews and outside contractors. Almond Engineering and Four Waters Engineering had the capacity to quickly complete manhole inspections, therefore administrative increases to add \$195,904.89 to both these firms were completed on 10/27/2022. These increases ensured sufficient contract capacity ahead of the contract renewal process.</p> <p>All three firms have performed satisfactorily, therefore, we plan to exercise a one-year renewal option with an additional \$900,000.00 for each of the three consultants. The increase amount is based on historical usage.</p>

12-08-2022 Awards Committee

							Request approval to award a one (1) year contract renewals to Almond Engineering, PA (\$900,000.00), Four Waters Engineering, Inc. (\$900,000.00) and Construction and Engineering Services Consultants, Inc.(C&ES) (\$900,000.00) for the General Engineering Services for Pipeline Projects and Studies Less than 16” Pipe Diameter and Manhole Inspections (JSEB Sheltered) in the amount of \$2,700,000.00, for a new not-to-exceed amount of \$8,968,956.45, subject to the availability of lawfully appropriated funds.
6	RESCIND	VU	N/A	N/A	GEC TRUCKING AND CONSTRUCTION, INC. H. TRENT ELSON UNDERGROUND HESTER CONCRETE SERVICES, LLC	N/A	<p><u>Restoration of Disturbed Concrete – North and West Service Territory</u></p> <p>The purpose of this Request for Proposal (the "RFP") is to solicit pricing and select a vendor that can provide Disturbed Concrete Restoration Services at the best value to JEA. Specifically, JEA is seeking Proposals from qualified Companies primarily for the restoration of cement concrete in City, County and FDOT roadways, rights of way and easements. The work will also include the replacement of curbs and gutters free of puddling, meter box, manhole and valve jacket adjustments and replacements. Moderate compacting and density testing will be required per City, County and FDOT regulations.</p> <p>This contract is for existing concrete services which are divided into territories (South/East and North/West) to evenly distribute the work and to encourage competition. All of the submissions for this project were determined to be unresponsive due to insufficient information for the various criteria for this evaluated RFP.</p> <p>This request is to rescind with the intent to rebid as an ITN. All pricing will be held confidential for 12 months or, if earlier, such time as JEA provides notice of an intended decision concerning the reissued ITN or until JEA withdraws the reissued ITN.</p>

Background/Recommendations:

Competitively bid and awarded to Metropolitan Life Insurance Company (MetLife) on 08/12/2021 for one (1) year, with four 1-year renewal options. The original award is attached as back-up.

This request is to execute the first one (1) year renewal from 01/01/2023 to 12/31/2023. MetLife offered a rate guarantee of two (2) years and a PPO five percent (5%) rate cap for the third and fourth years of the contract. The fifth-year renewal will be completed through negotiations without a cap. If the rates are not reasonable, JEA will rebid the services. It should be noted the award amount is an estimate which fluctuates based on enrollment and was determined based on the spend amount from the previous year.

Background/Recommendations:

Advertised on 04/29/2021. At Proposals opening on 05/25/2021, JEA received six (6) Proposals but one was disqualified as they did not provide the DHMO Plan. The companies were evaluated on premiums, rate guarantees, network, plan design, response time, experience, workload, proximity and financial responsibility. Metropolitan Life Insurance Company (MetLife) has been deemed the highest evaluated Responsive and Responsible Proposer. A copy of the Proposal Form, Rates and Evaluation Results are attached as backup.

JEA utilized the expertise of Gallagher Benefit Services to administer and evaluate this RFP in compliance with JEA purchasing requirements. Gallagher provided a dental cost comparison which has also been attached as backup.

When comparing the price between the current contract and the new contract, it resulted in an estimated 8.9% percent decrease or \$131,522.88 over one (1) year. MetLife offered a rate guarantee of two (2) years and a PPO five percent (5%) rate cap for the third and fourth years of the contract. The fifth year will be done through negotiations without a cap. If the rates are not reasonable, JEA will rebid the services.

Procurement tracks two different types of savings. The total cost difference is comparing the current pricing with the proposed pricing (+/-). The total sourcing savings is determined by negotiations, BAFO savings and value added savings. Below is the breakdown:

- **Total cost difference:** \$131,522.88

030-21 - Request approval to award a contract to Metropolitan Life Insurance Company for Dental Insurance in the amount of \$1,347,874.20, which will be funded by JEA employees, subject to the availability of lawfully appropriated funds.

Project Location: JEA

Funds: O&M

Business Unit Estimate \$400,000.00

Scope of Work:

JEA is soliciting Bids for a General Contractor for the Northside Generating Station Water Treatment Plant clean up (the "Work").

The Company awarded this Contract shall provide all necessary supervision, labor, equipment, tools, and material to remove and dewater the sludge from the North & South surge basin. This includes the West inlet baffle and East suction well, dredge the perimeter areas and east inlet areas of the North and South lime settling ponds, and pump the sludge to the lime storage drying beds.

Name	Amount
C&M DREDGING, INC. (Original Bid w/ disposal)	\$722,000.00
C&M DREDGING, INC. (Revised w/o disposal)	\$347,000.00

Background/Recommendations:

Advertised on 10/04/2022. Three (3) prime contractors attended the optional pre-bid meeting held on 10/13/2022. At Bid opening on 11/15/2022, JEA received one (1) Bid. JEA extended the Bid Due Date and contacted the two other prospective companies that were initially interested in bidding, as well as the three other companies that submitted bids the last time JEA bid these services out. Reasons for not submitting responses included the relatively small project size, the immediate need to have work completed in next 3 - 4 months, other project commitments, and a few bidders' perspective that they would be less competitive based on the competing means and methods (Geo Bags vs. Plate & Filter Press). C&M Dredging, Inc. has been deemed the lowest responsive and responsible Bidder. A copy of the Bid Form is attached as backup.

The last time JEA performed this work, spoils disposal (dredged sludge) was not included in solicitation. This time, JEA had the supplier provide a unit price disposal rate for an estimated 5,000 cu. yards of spoils. C&M Dredging, Inc. submitted a unit price of \$75.00/cubic yard, or \$375,000.00. JEA's current byproducts disposal contract is \$27.00/cubic yard to Chesser Island, so JEA has elected not to have the C&M Dredging, Inc. perform the disposal scope of work and will determine the most cost-effective path for disposal. The award amount of \$347,000.00 is approximately 13.3% lower than the business unit estimate and is considered reasonable.

1410858046 – Request approval to award a contract to C&M Dredging, Inc. for CWTS Pond & Surge Basins Dredging services in the amount of \$347,000.00, subject to the availability of lawfully appropriated funds.

Requestor Phone: 904-665-7987
Project Title: Substation Packaging Services
Project Number: (See attachment)
Project Location: JEA
Funds: Capital
Business Unit Estimate: \$1,787,000.00

Scope of Work:

This solicitation is to select substation material packaging company(s) that will be contracted to provide structures, materials and other engineered equipment for JEA substation projects and/or small transmission projects that are incidental to substation projects. The company(s) shall perform and provide all design, detailing, documentation, procurement, manufacturing, scheduling, equipment selection, materials, project management and associated services for a turn-key, ready-to-install substation package of structures and materials to allow JEA to construct improvements to the JEA electric system.

Where design and engineering scopes exceed the requirements of Florida Statute 287.055 for the Competitive Consultants Negotiation Act (CCNA), projects will be solicited independently of this contract in accordance with statute & JEA P-code requirements.

PROPOSERS:

DIS-TRAN PACKAGED SUBSTATIONS, LLC (A CREST INDUSTRIES, LLC COMPANY)	1

Background/Recommendations:

Advertised on 04/29/2022. Three (3) prime companies attended the optional pre-proposal meeting held on 05/13/2022. At proposal opening on 08/16/2022, JEA received two (2) Proposals. The public evaluation meeting was held on 10/05/2022. Companies were evaluated on professional staff experience, design & work approach, company experience, proximity and JSEB content. JEA deemed Dis-Tran Packaged Substations, LLC and Substation Enterprises, Inc. as the highest evaluated companies to perform the work. A copy of the evaluation matrix and negotiated rate structures are attached as backup.

For continuing services contracts, JEA bases contract not-to-exceed amounts based on a list of current approved project budgets. JEA will preliminarily fund the contract and will return to Awards Committee to add funds to the contracts to fund work as projects are released and scopes of work are determined.

The engineering services group will issue task orders as required to facilitate the work. The work may be bid by both companies and awarded to the lowest bidder between the two, or specifically awarded to one company on a cost-plus basis to the highest evaluated company.

Previously JEA’s negotiated rate structure contained rates for manufacturing, steel structure & galvanization on price-per-pound and price-per-foot rates, with indices for periodic adjustment and mark-up on purchased materials. For this solicitation, JEA has agreed to a cost-plus approach for both manufacturing (steel structures) and purchased materials, which is subject to audit by the PM. Transportation is a pass-through cost. The markup for Dis-Tran is 30% and Substation Enterprises is tiered based on project size (spend amount) and ranges from 25% for smaller projects to 14% for larger projects. Since there is not a specific priced project yet, JEA does not have a specific comparison; however, in the previous contract Dis-Tran’s mark-up was 25% for purchase materials. Considering today’s market conditions, the approach to pricing and contracting is deemed reasonable.

1410617246 – Request approval to award contracts to Dis-Tran Packaged Substations, LLC (\$1,250,900.00) and Substation Enterprises, Inc. (\$536,100.00) for substation packaging services in the not-to-exceed amount of \$1,787,000.00, subject to the availability of lawfully appropriated funds.

Mr. Rodney Lovgren
Purchasing Agent Senior
Jacksonville Electric Authority

Jacksonville, FL 32202

Dear Mr. Lovgren:

This letter is in response to your e-mail of Friday, October 21, 2022. It is our proposal that substation packages we supply to you are provided at different margin percentage (as a percentage of selling price) based on the total substation package price. We would take your conceptual drawings and write a detailed bill of material for the materials (including structural steel) that are required for a specific substation package. We would like to propose the following scale with all freight passed through with no markup:

\$0 - \$100,000 – margin percentage to be 25% of selling price

\$100,000 - \$350,000 - margin percentage to be 20% of selling price

\$350,000 - \$600,000 - margin percentage to be 18% of selling price

\$600,000 - \$800,000 – margin percentage to be 16% of selling price

\$800,000 and up – margin percentage to be 14% of selling price

With these margins, our engineering work is included to take your conceptual drawings and produce structural calculations, anchor bolt plans, foundation details (if required), grounding plans, key-marked electrical layouts, erection drawings, and steel detail (fabrication) drawings. We are not set up to track our engineering time separately. We will provide copies of our suppliers' invoices on JEA projects to verify our cost basis. We have a blanket agreement with our standard shape steel fabricator to provide hot-dip galvanized, fabricated structural steel products. Our standard payment terms are net 30 days after invoice date.

We can store small equipment and structural steel at no charge as long as we can invoice and get paid for projects we have complete and are holding for JEA. Large equipment (switches, large instrument transformers, etc.) and tapered tubular steel we will have to negotiate on a case-by-case basis.

Please let me know if this is acceptable. We look forward to working with you.

Sincerely,

Kurt Edwards, P.E.

Vice-President

Type of Award Request: RENEWAL
Requestor Name: Sencer, Justin – Mgr W/WW Reuse Delivery & Collection Engineering
Requestor Phone: (904) 665-6826
Project Title: General Engineering Services for Pipeline Projects and Studies Less than 16” Pipe Diameter and Manhole Inspections (JSEB Sheltered)
Project Number: 175-W; 175-S; 177-01; and 30606/2002
Project Location: JEA
Funds: Capital and O&M
Business Unit Estimate: N/A

Scope of Work:

Professional design and engineering services for water, sewer and reclaimed water projects with a pipe diameter of less than sixteen (16) inches and manhole inspection services. The work is generally described as performing engineering and design services as requested from time to time by JEA for water, sewer and reclaimed water projects for which the estimated construction cost, or the professional service fees for an individual study, do not exceed the amounts set forth in Florida Statutes Section 287.055, known as the Consultants’ Competitive Negotiation Act (CCNA), as amended.

End Date: 04/02/2024 (Almond), 04/13/2024 (Four Waters), 04/07/2024 (CE&S)
Renewal Options: One (1) Remaining
JSEB Requirement: All three firms are JSEB certified

Background/Recommendations:

Competitively bid and awarded on 02/06/2020 to three firms. The original award is attached for reference.

During the first three years of the contract the consultants were issued a combined \$2.9M of manhole inspection and \$1.7M of design task orders. The design work included water main, wastewater main, and force main replacements and expansions. These projects have been installed by both JEA construction crews and outside contractors. Almond Engineering and Four Waters Engineering had the capacity to quickly complete manhole inspections, therefore administrative increases to add \$195,904.89 to both these firms were completed on 10/27/2022. These increases ensured sufficient contract capacity ahead of the contract renewal process.

All three firms have performed satisfactorily, therefore, we plan to exercise a one-year renewal option with an additional \$900,000.00 for each of the three consultants. The increase amount is based on historical usage.

Request approval to award a one (1) year contract renewals to Almond Engineering, P.A. (\$900,000.00), Four Waters Engineering, Inc. (\$900,000.00) and Construction and Engineering Services Consultants, Inc.(C&ES) (\$900,000.00) for the General Engineering Services for Pipeline Projects and Studies Less than 16" Pipe Diameter and Manhole Inspections (JSEB Sheltered) in the amount of \$2,700,000.00, for a new not-to-exceed amount of \$8,968,956.45, subject to the availability of lawfully appropriated funds.

Background/Recommendations:

Advertised on 03/22/2019. Six (6) prime companies attended the mandatory pre-proposal meeting held on 04/11/2019. At proposal opening on 05/11/2019, JEA received four (4) proposals. The public evaluation meeting was held on 06/13/2019 and JEA deemed Almond Engineering, Four Waters Engineering and C&ES most qualified to perform the work. After the results were announced, JEA received a timely protest from J. Collins Engineering and Associates. The protest was resolved on 10/03/2019 after a Procurement Appeals Board (PAB) hearing. A copy of the evaluation matrix and negotiated fees and PAB decision letter are attached as backup.

Negotiations with Almond Engineering, Four Waters Engineering and C&ES were successfully completed. This contract includes a general engineering services contract for pipelines with a diameter less than 16 inches and manhole inspections. Work for each type of work will be completed using the negotiated rate structure. For manhole inspections, the service territory will be split between the three companies to perform inspections of JEA manholes to identify those in need of repair or replacement. The award amount is the budgeted amount for these services.

The budgeted spend is below:

- FY20: \$1,079,770.00
 - General Engineering: \$329,770.00
 - Manhole Inspections: \$750,000.00
- FY21: \$2,136,659.00

Award #6 December 8, 2022

Type of Award Request: RESCIND
Request #: 527
Requestor Name: Schoettler, Kyle C. - Manager W/WW System Operations & Customer Response
Requestor Phone: (904) 524-3989
Project Title: Restoration of Disturbed Concrete – North and West Service Territory
Project Number: N/A
Project Location: JEA
Funds: O&M & Capital
Business Unit Estimate: N/A

Scope of Work:

The purpose of this Request for Proposal (the "RFP") is to solicit pricing and select a vendor that can provide Disturbed Concrete Restoration Services at the best value to JEA. Specifically, JEA is seeking Proposals from qualified Companies primarily for the restoration of cement concrete in City, County and FDOT roadways, rights of way and easements. The work will also include the replacement of curbs and gutters free of puddling, meter box, manhole and valve jacket adjustments and replacements. Moderate compacting and density testing will be required per City, County and FDOT regulations.

JSEB Requirement: Optional

BIDDERS:

Vendor Name	Amount
GEC TRUCKING AND CONSTRUCTION, INC.	N/A
H. TRENT ELSON UNDERGROUND	N/A
HESTER CONCRETE SERVICES, LLC	N/A

Background/Recommendations:

Advertised on 08/15/2022. A total of five (5) prime contractors attended four (4) mandatory pre-bid meetings held on: 08/26/2022, 09/21/2022, 10/17/2022, and 10/20/2022. Multiple pre-bid meetings were scheduled to increase participation and competition. Additionally, the contract, which had in prior years been advertised as JSEB Sheltered, was changed to Open Market, to further increase participation. At Bid Opening on 10/25/2022, JEA received three (3) Bids and two (2) No Bids. Companies that did not bid listed among their reasons the prioritization of other projects and difficulty justifying small concrete restoration task orders across a large service area.

This contract is for existing concrete services which are divided into territories (South/East and North/West) to evenly distribute the work and to encourage competition. All of the submissions for this project were determined to be unresponsive due to insufficient information for the various criteria for this evaluated RFP. The evaluators were unable to adequately complete their review due to missing information for the following criterion: Experience/Past Performance (20 Points), Design Approach/Work Plan (10 Points), Organizational Structure/Management Plan (10 Points). JEA is

planning to host a presentation at an upcoming “Doing Business with JEA” monthly meeting to increase participation for this project and to communicate expectations of reviewing completed responses.

This request is to rescind with the intent to rebid as an ITN. All pricing will be held confidential for 12 months or, if earlier, such time as JEA provides notice of an intended decision concerning the reissued ITN or until JEA withdraws the reissued ITN.

1410824446 - Request approval to rescind this solicitation, and reject all Responses received in anticipation of rebidding a new project and scope of work.
