

Welcome to the

JEA Awards Meeting

February 08, 2024, 10:00 AM EST

You have been joined to the meeting with your **audio muted** by default.

At the designated public comment time we will provide opportunity for you to unmute to speak.

During the meeting, public comments received via e-mail regarding any matter on the agenda for consideration will be read out. Per the Public Notice Agenda posted on JEA.com, public comments by e-mail must be received no later than 9:00 a.m. on the day of the meeting to be read during the public comment portion of the meeting.

Please contact **Aileen Cruz** by telephone at **(904) 776-1911** or by email at **cruza@jea.com** if you experience any technical difficulties during the meeting.

JEA Awards Agenda
February 8, 2024
225 North Pearl St., Jacksonville, FL 32202 - Hydrangea Room 1st Floor

Consent Agenda

The Chief Procurement Officer offers the following items for the JEA Awards Consent Agenda. Any item may be moved from the Consent Agenda to the Regular Agenda by a committee member asking that the item be considered separately. **All items on the Consent agenda have been approved by OGC, Budget and the Business Unit Vice President and Chief.** The posting of this agenda serves as an official notice of JEA's intended decision for all recommended actions for **Formal Purchases** as defined by **Section 3-101 of the JEA Procurement Code**. Please refer to JEA's Procurement Code, if you wish to protest any of these items.

Award #	Type of Award	Solicitation # & Short Description/Title	VP	Awardee	Funding Source	Award Amount	Original Award Amount	New Not-to-Exceed	Amendments	Term (Projected) Start Date - End Date	JSEB Participation (Y/N) If Y, then list company name(s) (% , \$ - awarded)
1	Minutes	Minutes from 05/11/2023 Meeting	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A
2	Contract Extension	Customer Alerts and Preferences	Stultz	Message Broadcast	O&M	\$589,248.82	\$1,809,000.00	\$2,398,248.82	N/A	Three (3) Years, No Renewals Begin Date: 03/12/2021 End Date: 12/31/2024 (Ten (10) Month extension)	N
		<p>For additional information contact: Angel Iosua</p> <p>Message Broadcast is a customer alert platform that is used by JEA to setup and manage ongoing, triggered, and ad hoc customer alerts. The Message Broadcast platform allows JEA to manage all alerts, email, text/SMS (two way), and print, through one (1) interface. The platform hosts the Customer Preference Center (allowing customers to select how, when and what messages they wish to receive) and store customer alert preferences (data hosting). The platform integrates with systems currently used by JEA.</p> <p>This request is for \$589,248.82 in additional funds for a ten (10) month contract extension from 03/12/2024 to 12/31/2024 to the existing contract with Message Broadcast to maintain JEA's customer alert and notifications platform. Services provided under this contract are used during Hurricane season and to prevent any disruption, the contract will be extended through the end of Hurricane season 12/31/2024. This extension allows for Digital Communications business partners to complete a Technical Specification of the Scope of Work in preparation for the competitive bidding and the potential transition process related to these services following this extension.</p>									
3	Contract Increase	1410399647 - Construction Services for Underground Water, Wastewater, and Reuse Grid Repair and Installation Services	Vu	Callaway Contracting, Inc. J. B. Coxwell Contracting, Inc. Renewals Start Date: 11/23/2021 End Date 12/14/2024 Two Renewals Remaining	Y Each task order under this contract will be reviewed and given a JSEB requirement prior to it being issued to the contractor.
		<p>Last Award Approval: 05/18/2023, 07/13/2023 For additional information contact: David King</p> <p>The Work performed under this Contract for Construction Services for Underground Water, Wastewater, and Reuse Grid Repair and Installation Services, includes: Water Main replacements and/or extensions, Water, Wastewater, and/or Reclaimed Piping repairs, replacements, and/or extensions, manhole installation and repairs, service connections and large meter installations. This increase funds the current contract through 12/24/2024 with current rates.</p>									
4	Piggyback	4kV Metal-Clad Switchgear with Arc Terminating Technology	Melendez	Powell Electrical Systems	Capital	\$1,639,769.00	N/A	\$1,639,769.00	N/A	One-Time Purchase	N
		<p>For additional information contact: Angel Iosua</p> <p>As part of preventative maintenance, JEA is replacing the existing indoor metal clad switchgear at their 26.4kV / 4.16kV St Johns substation located in Jacksonville, FL. This is custom engineered equipment for JEA. The equipment moves power around in the substation to mitigate issues (either planned or issues with other equipment) to safely ensure our customers keep power.</p> <p>The scope of the work shall include furnishing all the required materials and services. This includes the requirements for protective relaying, circuit breakers and all appurtenances as indicated in the specification and drawings attached to this award packet.</p> <p>This request to piggyback the City of Lake Worth agreement for \$1,639,796.00 to purchase a 4kV Metal-Clad Switchgear with Arc Terminating Technology to replace the existing switchgear for the St. Johns substation. This will be the first of four substations which will receive similar equipment, those projects will be purchased at a later date. Powell was selected as a standard based on their best in class ability to provide Metal-Clad Switchgear with Arc Terminating Technology in a lead-time friendly all inclusive package. Current lead-time is 80 weeks from purchase. Powell produces its own circuit breakers which has been a point of issue with other manufacturers and with JEA in previous projects not with Powell. Powell switchgear currently in operation at several JEA substations have operated trouble free for many years.</p>									
5	Request for Proposal (RFP)	1411399646 Engineering Services for North Grid THM Mitigation Project	Melendez	Hazen and Sawyer	Capital	\$1,175,771.00	N/A	\$1,175,771.00	N/A	Start Date: 02/22/2024 End Date: 08/29/2029	Four Waters Engineering (Civil) - \$10,450.00
		<p>Advertised: 09/12/2023 Opened: 10/10/2023 One (1) Proposal Received Public Evaluation Meeting: 11/03/2023 For additional information contact: Dan Kruck</p> <p>The Scope of Engineering Services for the North Grid Trihalomethanes (THM) Mitigation Project includes, but is not limited to developing a pilot test plan and testing. Design of the project, permitting support, engineering services during construction, and support during startup.</p> <p>JEA reached out to firms that attended the pre-proposal meeting but did not propose and they listed their current workload and the specialty nature of this project as reasons from not participating. This fee is the first phase of the project for the pilot testing. Another award will be brought to the Awards Committee for the design and services during construction of the project. The hourly rates used to determine the fee were compared to past and current projects and deemed reasonable.</p>									
	Contract Increase	001-20 Construction Management-at-Risk (CMAR) Services for the Nassau Water Reclamation Facility (WRF) Upgrade Projects	Melendez	The Haskell Company	Capital	\$4,546,608.00	\$420,020.00	\$116,360,084.00			

Award #	Type of Award	Solicitation # & Short Description/Title	VP	Awardee	Funding Source	Award Amount	Original Award Amount	New Not-to-Exceed	Amendments	Term (Projected) Start Date - End Date	JSEB Participation (Y/N) If Y, then list company name(s) (% , \$ - awarded)
6									06/23/2022 - \$19,899,397.00 10/06/2022 - \$85,235,958.00 02/16/2023 - \$6,258,101.00	Start Date: 01/05/2021 End Date: 02/05/2025	N
<p>Last Awarded 02/16/2023</p> <p>For additional Information contact: Marline McDonald</p> <p>The scope of work to be performed under this solicitation consists of Construction Management-at-Risk services for the Nassau WRF Upgrade Projects. The upgrade projects include, but are not limited to, new common headworks, oxidation ditches, secondary clarifiers, UV disinfection upgrades, in plant pump stations, sludge holding tank, and new operations and maintenance buildings.</p> <p>This contract increase consists of furnishing all equipment, superintendence, labor, skill, material, and all other items necessary for the completion of the deep injection well (DIW) surface facilities and a second 1.5M gallon reclaimed water tank at the Nassau Regional WRF. The cost proposal was reviewed by JEA project staff and deemed reasonable compared to past projects.</p>											
7	Invitation for Bid (IFB)	1411486046 MRO Items for Inventory Stock	McElroy	Anixter Choctaw-Kaul Distribution Co. Fastenal Company Ferguson Enterprises, LLC. MSC Industrial Supply Co. NAPA Auto Parts Reliance Supply Stuart C. Irby, Co. Vallen Distribution, Inc.	Inventory Blanket	\$301,906.43 \$587,345.81 \$47,123.05 \$48,943.85 \$100,259.40 \$28,995.19 \$5,913.61 \$54,141.34 \$995,126.05	NA	\$2,259,754.73	NA	Start: 02/23/2024 End: 02/22/2027 Two (2) - 1 Yr. Renewal Options	N
<p>Advertised: 11/09/2023</p> <p>Optional Pre-Bid Meeting: 11/15/2023 - Six (6) Vendors Participated</p> <p>Responses Opened: 12/05/2023 - Ten (10) Responses Received</p> <p>For additional information: Eddie Bayouth</p> <p>The purpose of this IFB was to evaluate and select vendors for general Maintenance, Repair and Operating (MRO) items carried in JEA's inventory stock. This solicitation included 902 items that are utilized by both the Electric and Water departments on a regular basis. JEA received bids for 811 of these items; all no-bid items will be purchased via the spot market as needs emerge, all no-bid items were individually less than \$10k/yr in forecasted spend.</p> <p>When comparing bid prices with the current prices, JEA saw an overall reduction in price of \$144,634.30 or 6.02%. Based on the overall savings, the prices are deemed reasonable.</p>											
8	Invitation for Bid (IFB)	1411544847 Remote Operated Switchgear for Inventory Stock	McElroy	WESCO G & W Electric Co.	Inventory Blanket	\$1,440,560.00 \$1,330,667.00	NA	\$2,771,227.00	NA	Start: 02/23/2024 End: 02/22/2027 Two (2) - 1 Yr. Renewal Options	N
<p>Advertised: 12/19/2023</p> <p>Responses Opened: 01/17/2024</p> <p>Three (3) Responses Received</p> <p>For additional information: Eddie Bayouth</p> <p>The purpose of this IFB was to evaluate and select vendors for the purchase of pole mounted three-phase remote operated switchgear with vacuum interrupters. These switches are used by the Electric group and allow for remote operation.</p> <p>There were three (3) items in this solicitation. Although SWERC003 is still a single source item, the forecasted usage for this item is less than \$50,000.00 or less than 2% of the award amount. The Electric Standards group approved an additional manufacturer for SWERC001 that resulted in a cost reduction of \$190,190.00 over the other two (2) approved manufacturers. When comparing bid prices with the current prices, JEA saw an overall reduction in price of \$78,344.00 or 2.75%. Based on the overall savings, the prices are deemed reasonable.</p>

Consent Agenda

The Chief Procurement Officer offers the following items for the JEA Awards Consent Agenda. Any item may be moved from the Consent Agenda to the Regular Agenda by a committee member asking that the item be considered separately. **All items on the Consent agenda have been approved by OGC, Budget and the Business Unit Vice President and Chief.** The posting of this agenda serves as an official notice of JEA's intended decision for all recommended actions for **Formal Purchases** as defined by **Section 3-101 of the JEA Procurement Code**. Please refer to JEA's Procurement Code, if you wish to protest any of these items.

Award #	Type of Award	Solicitation # & Short Description/Title	VP	Awardee	Funding Source	Award Amount	Original Award Amount	New Not-to-Exceed	Amendments	Term (Projected) Start Date - End Date	JSEB Participation (Y/N) If Y, then list company name(s) (% S - awarded)
1	Minutes	Minutes from 05/11/2023 Meeting	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A
2	Contract Extension	1410196646-On-Road Residential Electrification Program and Strategy	Pope	Sagewell, Inc.	O&M	\$300,235.00	\$298,429.00	\$1,847,899.00	08/12/2021-\$23,386.00 03/17/2022-\$455,175.00 05/18/2023-\$770,674.00	One (1) Year w/Two (2)-One (1) Yr. Renewals Begin: 05/01/2021 End: 09/30/2024 No renewals remaining	N
	<p>For additional information contact: Angel Iosua</p> <p>This request is for \$300,235.00 in additional funds for a five (5) month extension from 05/01/2024 to 09/30/2024 to the existing contract with Sagewell, Inc. to maintain JEA's on-road residential electrification program and strategy for JEA's electrification efforts with the primary purpose of increasing JEA's net revenue. This extension shall maintain the scope changes previously approved by the Awards Committee. The general administrative fees (monthly program fee) for this extension shall include a four (4%) percent increase from current monthly program fees.</p> <p>The total amount shown is based on a five (5) month participation forecast. JEA's costs for IT support shall remain constant for this extension. JEA is in process of preparing a new bid for these services and anticipates beginning a new contract and the end of this extension. A five (5) month extension is being done to align with JEA's new fiscal year for the new contract.</p>										
3	Change Order	Post Implementation Professional Service Support For ON-Premise Oracle E-Business Suite Migration To Oracle Cloud Infrastructure	Selders	Accenture, LLP	O&M and Capital	\$472,192.00	\$1,600,000.00	\$2,072,192.00	N/A	One (1) Year with No Renewals Start: 07/26/2023 End: 07/25/2024	N
	<p>For additional information contact: Angel Iosua</p> <p>This award piggybacks off of the public NASPO contract No. 43230000-NASPO-16-ACS For Cloud Solutions dated June 21, 2019, competitively procured Cloud Solutions and executed Contract No. AR3086, Cloud Solutions ("Master Contract").</p> <p>This change order request is for \$472,192.00 of additional professional and architectural support services through 07/25/2024 for Oracle Integration Cloud Support and Oracle Service Bus. The rates in the SOW for professional and architectural support services will remain the same. JEA needs the additional Accenture resources because they have direct knowledge of JEA's new Cloud Infrastructure having led the implementation. Without Accenture's continued engagement support the ability of JEA's resources to effectively maintain/support this infrastructure is limited which would put JEA at risk. The request allows JEA's resources to take advantage of Accenture's knowledge and experience in a production environment.</p>										
4	Invitation For Bid (IFB)	1411528246 Installation of West Jax T1 Autotransformer	Melendez	C and C Power Line, Inc.	O&M	\$384,082.60	N/A	\$384,082.60	N/A	Project Completion Start Date: 01/20/2024 End Date: 01/31/025	N
	<p>Advised 12/05/2023 Mandatory Pre-Bid Meeting 12/11/2023 Responses Opened 01/09/2024 Four (4) Responses Received For additional information contact: Kenny Pearson</p> <p>This IFB is for the Installation of the West Jax T1 Autotransformer. This work includes demolishing an existing concrete transformer pad and installing a new pad, oil containment, conduit, cables, AC panel, AC breakers, bus-work, jumpers, and terminations for acceptance of the new T1 Autotransformer at West Jax Substation.</p> <p>The bid is 21% higher than the business unit estimate. However, given that the next lowest bid is 36% higher than the business unit estimate, the C and C Powerline bid of \$384,082.60 is deemed reasonable.</p>										
5	Contract Increase	001-20 Construction Management-at-Risk (CMAR) Services for the Nassau Water Reclamation Facility (WRF) Upgrade Projects	Melendez	The Haskell Company	Capital	\$4,546,608.00	\$420,020.00	\$116,360,084.00	06/23/2022 - \$19,899,397.00 10/06/2022 - \$85,235,958.00 02/16/2023 - \$6,258,101.00	Start Date: 01/05/2021 End Date: 02/05/2025	N
	Deferred										

Award #	Type of Award	Solicitation # & Short Description/Title	VP	Awardee	Funding Source	Award Amount	Original Award Amount	New Not-to-Exceed	Amendments	Term (Projected) Start Date - End Date	JSEB Participation (Y/N) If Y, then list company name(s) (% S - awarded)
6	Invitation to Negotiate (ITN)	1411290046 - Management Consulting	Selders	Black & Veatch Management Consulting, LLC	O&M	\$31,600.00	\$300,000.00	\$331,600.00	N/A	Five (5) Years w/One (1) - 1 Yr. Renewal One Renewal Remaining Start Date: 08/26/2023 End Date: 08/25/2028	N
<p>For additional information contact: Elaine Selders</p> <p>JEA is seeking consulting firms for ad hoc management consulting assignments for corporate and industry best practices, organization and work-flow improvements, and utility specific focus areas and topics (the "Work") and to determine the best method for JEA to procure the Work with regards to pricing, assignments duration, quality, process and work product.</p> <p>The team evaluated the Responses and the decision was made to award four contracts. The awarded companies will work as requested on management consulting projects and propose pricing based on the hourly rates provided in their Responses and estimated hours. The projects will be awarded as individual task orders.</p> <p>An agreement was executed informally with Black & Veatch in the not-to-exceed amount of \$300,000.00. One Task to Black & Veatch has been awarded for a Cybersecurity and Compliance Governance and Capability Assessment in the amount of \$170,000.00, which left \$130,000.00 in available funds.</p> <p>This task to Black & Veatch in the amount of \$161,600.00 is focused on analyzing and improving our current Procurement, Inventory and Demand Planning processes.</p> <p>Specifically, JEA Seeks to Analyze, Improve and Compare/Suggest Industry best practices in the following Areas:</p> <ul style="list-style-type: none"> • Demand Planning Issues • Long Lead Time related Issues on Critical Items • Separating Capital Inventory from O&M Inventory • Analyze current processes in these areas, suggest improvements, Business Process Changes. • Compare with Industry peers who have similar challenges in these areas, Suggest Process/Technology Changes <p>The proposal pricing has been deemed reasonable and the estimated project completion timeline is three months. The Response Form and Proposal have been attached for reference.</p>											
7	Joint Project	COJ-Collins Rd-Blanding Blvd to Pineverde	Melendez	OSIRIS 9 Consulting	Capital	\$342,640.00	N/A	\$342,640.00	N/A	Start Date: February 2024 End Date: April 2025 (Est. Project Completion)	N
<p>For additional information contact: David King</p> <p>The City of Jacksonville (COJ) has a programmed roadway widening improvement on Collins Road from Blanding Blvd to Pineverde Ln. In an effort to reduce JEA construction costs and limit adverse impacts to JEA's rate payers and the public, JEA will construct its needed improvements concurrently with the COJ road construction, to ensure roadway restoration costs by JEA are minimal.</p> <p>COJ issued RFP P-45-19 for Professional Engineering Services for Collins Road Reconstruction from Blanding Blvd to Pineverde Lane. COJ evaluated the submitted responses and selected Osiris 9 Consulting, LLC as the most qualified to perform the work. COJ entered into a contract with Osiris 9 Consulting on 04/20/2023.</p> <p>The scope of work for JEA's portion of the project includes the relocation of the existing sewer force main with a directional drill component (approx. 435 LF) at the Collins Road Bridge. In addition, the existing AC watermain has reached the end of its service life and will be upgraded/replaced with new PVC pipe (open cut - approx. 5,350 LF of PVC) which will also include a directional drill component at the Collins Road Bridge (approx. 435 LF).</p> <p>The fee for this work utilizes the hourly rates negotiated by COJ. The fee is approximately 14% below JEA's estimate and deemed reasonable.</p>											
8	CONTRACT RENEWAL	1410470046 - Supplemental Vegetation Management Services	Erixton	The Davey Tree Expert Company	O&M and Capital	\$1,977,000.00	\$1,292,078.35	\$5,594,210.05	08/02/2022 - \$129,207.00 10/06/2022 - \$872,466.70 04/06/2023 - \$1,323,458.00	One (1) Yr. w/ Two (2) - One (1) Yr. Renewals Start: 02/01/2022 End: 01/31/2025 No Renewals Remaining	N
<p>Last Awarded: 04/06/2023 For additional information: Kenny Pearson</p> <p>The purpose of this renewal is to continue contract support of the vegetation management services contractor to provide services described herein ("Work").</p> <p>JEA's general plan is to employ three to five crews on a forty hour a week/time and equipment rates (T&E) basis to provide coverage for additional supplemental vegetation management services over the three (3) year contract term, and if needed provide emergency storm support services. This includes, but is not limited to, urban, suburban, and rural environments, work within the travel way of single and multi-lane roadways, wooded rights-of-way, plants (power, water, wastewater), electric substations, lift stations, well sites, timberland, and near commercial/industrial facilities. No minimum quantities are guaranteed.</p> <p>There is an annual CPI increase associated with each renewal at the anniversary, the CPI increase for this work will be a 3.14% increase.</p>											

Award #	Type of Award	Solicitation # & Short Description/Title	VP	Awardee	Funding Source	Award Amount	Original Award Amount	New Not-to-Exceed	Amendments	Term (Projected) Start Date - End Date	JSEB Participation (Y/N) If Y, then list company name(s) (%), S - awarded
9	Emergency/ Ratification	Single Phase Pad-mounted Transformers	McElroy	International Electric Co, Ltd	Inventory Blanket	\$6,107,290.00	NA	\$6,107,290.00	NA	One Time Purchase, already received.	N
	<p>For additional information: Eddie Bayouth</p> <p>The purpose of this ratification is to formalize the award committee approval for the emergency purchase of one hundred ninety (190) 50 kVA and three hundred (300) 75 kVA single phase pad-mounted transformers from International Electric Co, Ltd (IEC) in Korea. These transformers were ordered in January and February of 2023 and were received in December of 2023. The IEC transformers had a considerably shorter lead time than our current domestic manufacturers and were ordered as part the overall single phase pad mounted transformer strategy to mitigate the risk of running out of the 50 kVA and 75 kVA single phase pad-mounted transformers. The transformers are currently being tested before they are put into operation.</p>										
10	Emergency/ Ratification	Single Phase Pad-mounted Transformers	McElroy	KBS Electrical Distributors, Inc.	Inventory Blanket	\$876,188.60	NA	\$876,188.60	NA	Project Completion Start Date: 06/09/2023 Start Date: 03/18/2024	N
	<p>For additional information: Eddie Bayouth</p> <p>The purpose of this ratification is to formalize the award committee approval for the emergency purchase of eighty (80) 25 kVA, sixty (60) 50 kVA and sixty (60) 75 kVA single phase pole-mounted transformers from Romagnolo in Brazil, through their US distributor, KBS Electrical Distributors, Inc. These transformers were ordered in June of 2023 and have an expected delivery date of 03/18/2024. The Romagnolo transformers had a considerably shorter lead time than our current domestic manufacturers and were ordered as part the overall single phase pole-mounted transformer strategy to mitigate the risk of running out of the 25 kVA, 50 kVA and 75 kVA single phase pole-mounted transformers.</p>										
11	Single Source	Spot Buy Substation Circuit Breakers GCBAR002	McElroy	Mitsubishi Electric Power Products, Inc.	Inventory	\$573,425.00	N/A	\$573,425.00	N/A	One-time purchase, expected delivery 12/18/2026	N
	<p>For additional information: Eppie Green</p> <p>This award request is for an immediate inventory purchase of five (5) GCBAR002 substation circuit breakers from Mitsubishi. Mitsubishi is the only approved manufacturer of this size breaker based on design and technical facets that only the Mitsubishi products possess. Currently, lead time for the breakers is one hundred and fifty (150) weeks. This short term purchase will ensure JEA's forecasted needs are met while JEA conducts a solicitation to establish a long term contract to adequately supply circuit breakers for planned Transmission OCH Replacement and New Substation Projects. Procurement and the business are currently in the planning stages for this holistic substation circuit breaker formal bid.</p> <p>The price for these units is approximately 7% higher than the last purchase in 2023. However, given that the PPI for similar items over the same period of time is 5.2% the increase is deemed reasonable.</p>										
12	Request for Proposal (RFP)	1411404246 Beacon Hills WTP Improvements	Melendez	McKim & Creed	Capital	\$788,851.00	N/A	\$788,851.00	N/A	Start Date: February 2024 End Date: February 2025 (Est. Formal Bid and Award System

Award #4 February 26, 2021

Type of Award Request: SOLE SOURCE
Requestor Name: Magee, Jay B. – Manager Digital Communications
Requestor Phone: (904) 665-4778
Project Title: Customer Alerts and Preferences
Project Number: 10500
Project Location: JEA
Funds: O&M
Budget Estimate: \$1,728,000.00 (Line 101)

Scope of Work:

Message Broadcast has implemented a customer alert platform that is used by JEA to setup and manage ongoing, triggered and ad hoc customer alerts. The Message Broadcast platform allows JEA to manage all alerts, email, text/SMS (two way), and print, through one (1) interface. The platform hosts the Customer Preference Center (allowing customers to select how, when and what messages they wish to receive) and store customer alert preferences (data hosting). The platform integrates with systems currently used by JEA.

This award seeks to purchase access for an unlimited number of users to the Message Broadcast messaging platform, professional services (for development, support and strategic counsel), use of vanity shortcodes and access to telecom carriers to prioritize JEA's messages/traffic.

JEA IFB/RFP/State/City/GSA#: 096-15
CPA#: 151173
Purchasing Agent: Dambrose, Nickolas C.
Is this a Ratification?: NO

MESSAGE BROADCAST	Scott Benzie	sbenzie@messagebroadcast.com	4685 MacArthur Court, Newport Beach, CA 92660	(949) 428 - 4896	\$1,809,000.00

Amount for entire term of Contract/PO: \$1,809,000.00
Award Amount for remainder of this FY: \$343,274.17
Length of Contract/PO Term: Three (3) Years, No Renewals
Begin Date (mm/dd/yyyy): 03/12/2021
End Date (mm/dd/yyyy): 03/11/2024
JSEB Requirement: N/A – Sole Source

Background/Recommendations:

The original award was approved by Awards Committee on 12/17/2015 in the amount of \$1,524,800.00 to Message Broadcast through the competitive bidding process. A copy of the previous awards are attached as backup. This new request is sole source based on the Procurement code definition "a service is a follow-up of

Award# 2 02/08/2024 Supporting Documents

Services that may only be done efficiently and effectively by the Company that rendered the initial Services to JEA, provided the initial procurement was competitive.”

This request is for a new three (3) year sole source award from 03/12/2021 to 03/11/2024 and \$1,809,000.00 in funds to continue services with Message Broadcast. Continued service with Message Broadcast is required for the new Oracle Customer to Meter (C2M) billing solution, currently being implemented, which will use Message Broadcast for customer communications. Also JEA estimates a two-year implementation if JEA were to change to a new product similar to the original implementation timeline with Message Broadcast. All data used for alerts and notifications, for which Message Broadcast is the sender, as well as the information regarding customer preferences are housed inside Customer Care & Billing (CC&B), which is inside C2M. All JEA resources that would work on the project are 100 percent dedicated to C2M until a month after go-live (currently estimated late May 2021).

Message Broadcast provides a messaging platform and communication delivery services that are vital to communicating with JEA’s customers alerts in the course of their routine business with JEA, as well as for news, updates and gray sky storm information. Over the past 12 to 18 months, Message Broadcast and JEA have expanded their relationship by expanding touch points for ongoing projects. Message Broadcast also has improved its ability to anticipate JEA’s needs based on that increased level of communication and proposed services occasionally at no cost. Message Broadcast has listened to JEA needs and concerns and responded in an appropriate way, adding an automated helpdesk service for ticket creation and tracking. The original Message Broadcast full implementation, including Customer Preference Center buildout, was approximately two years in duration. This did not include the ad hoc platforms to send emails, but the Alerts Preference Center did not go live until October 2018, and the contract was signed in March 2016. Despite this new three (3) year award request JEA intends to start the competitive rebidding process in six (6) months from this award to allow time for rebidding and also enough time for a new up to two (2) year implementation of a new product, if necessary. The contract includes flexibility through termination for convenience to end early if a new product is implemented prior to the end of this award.

During this award term, Message Broadcast will continue to operate under the same goals and monthly rates as originally awarded. The original rate sheet is attached as back-up. A \$100,000 per year estimate has been added to this award as shown below to cover enhancements and ad hoc work for ad hoc projects with a fixed level of effort (LOE). This is for enhancements to existing projects that require additional time beyond JEA’s contract allotted 42.5 programming hours per month. For instance, one of the enhancements pending is for JEA’s next-gen email self-service portal, which will add an approval workflow to JEA’s existing platform and encourage greater self-service among internal clients. The refinements will require at least \$27,000 (based on the must-have enhancements JEA selected). The original rate sheet is attached as back-up. There is a budget shortage of \$81,000.00 over the term of this award. A new budget trend will be submitted for additional funding.

The cost details of the award request are seen below:

Description	Current Annual Spend	New Annual Spend
Existing Services (Hosting Customer Preference Center, Customer Alerts & Notifications Platform access, Email Service, SMS Service, Voice Service)	\$ 461,600.00	\$ 441,600.00
Enhancements and Unforeseen Ad Hoc Project Work	\$0.00	\$100,000.00
Ad hoc Campaign Management	\$ 59,400.00	\$ 59,400.00
Passive Email Validation	\$ 0.00	\$ 2,000.00
Annual Total	\$ 521,000.00	\$603,000.00
Total Award Request (3 Years)	\$1,563,000.00	\$1,809,000.00

Request approval to award a sole source award to Message Broadcast for Customer Alerts and Preferences in the amount of \$1,809,000.00, subject to the availability of lawfully appropriated funds.

Formal Bid and Award System

Award #4 March 5, 2020

Type of Award Request: RENEWAL
Request #: 6783
Requestor Name: Magee, Jay B. - Manager Digital Communications
Requestor Phone: (904) 665-4778
Project Title: Customer Alerts and Preferences
Project Number: 10500
Project Location: JEA
Funds: O&M
Budget Estimate: \$511,600.00 (FY20 O&M budget line 1366)

Scope of Work:

Message Broadcast has implemented a customer alert platform that is used by JEA to setup and manage ongoing, triggered and ad hoc customer alerts. The Message Broadcast platform allows JEA to manage all alerts, email, text/SMS (two way), voice (two way), and print, through one (1) interface. The platform hosts the Customer Preference Center (allowing customers to select how, when and what messages they wish to receive) and store customer alert preferences (data hosting). The platform integrates with systems currently used by JEA.

This project impacts the following JEA measures of value:

Customer Value: The ability to rapidly disseminate important messages to all JEA stakeholders via SMS, email or voice through a consistent digital platform will help position JEA as a trusted adviser, especially in crisis situations such as storm/gray sky.

Community and Environmental Value: The Message Broadcast platform provides a cost-efficient means to disseminate messages about JEA's community engagement programs and environmental stewardship. Furthermore, the digital media used through the platform replaces tangible and more costly resources such as paper, which means fewer landfill or recycling inputs to the environment.

Financial Value:

JEA is committed to consolidating key alerts and notifications in a repository managed by Message Broadcast, which drives economies of scale through working with a single vendor. The digital message dissemination also replaces more costly per-unit communication channels such as mailings and tangible resources such as paper, ink, printing, etc.

End Date (mm/dd/yyyy): 03/11/2021
Renewal Options: None remaining
JSEB Requirement: JSEB participation was an evaluation criterion
Comments on JSEB Requirements: Proposer did not name a JSEB firm.

Background/Recommendations:

Originally approved by Awards Committee on 12/17/2015 in the amount of \$1,524,800.00 to Message Broadcast through the competitive bidding process. A copy of the original award is attached as backup.

On 02/22/2017, an increase of \$9,945.00 was added for additional scope to add professional service hours to Research and Development, for proof of concept for passing account numbers as ANI and through SIP and additional scripting and programming for all pending alerts and channel additions. On 02/21/2019, a one (1) year renewal was awarded to Message Broadcast to maintain the existing scope of work for one year under the same operational goals and budget in the amount of \$461,600.00. On 02/04/2020 an increase of \$65,000.00 was added to cover higher than forecasted usage.

This request is for approval to execute the second and final one (1) year renewal from 03/11/2020 to 03/10/2021, and to add \$588,470.00 in additional funds. This renewal includes \$461,600.00 for the existing scope of work and \$126,870.00 for three (3) new services not contained in the existing contract. The new services will include a one-time \$67,470.00 cost to implement and \$59,400.00 annually. The three (3) new services are described below:

Self Service Email V3 - This interface is intended to provide JEA's internal clients with the ability to create and manage email campaigns in the current V2 portal while maintaining all campaigns in one central location. Additionally, this will enable the Digital Communications business leader oversight over, and management of, all campaign assets and campaign reports while empowering departmental business users to self-administrate, reducing staff time.

Ad hoc Campaign Management (EONS) – This provides JEA access to the EONS Ad Hoc Communication Platform enabling JEA to create and send Ad-Hoc communications.

Passive Email Validation – This provides JEA with Email validation services through a customized batch process.

Message Broadcast has been an important business partner in ensuring JEA can rapidly distribute messages to key stakeholders through email, voice and SMS platforms. JEA has explored and requested further strategic opportunities with Message Broadcast which includes leveraging its proprietary EONS platform and MobileRIGHT solutions, which could aid JEA in more efficiently and rapidly deploying messages to key stakeholders through voice and SMS platforms, cutting delivery windows during outage/storm/gray sky situations. The additional scope will add new self-service options to deploy customer communications more efficiently and rapidly in times of urgent need (especially evenings, weekends, holidays), as well as improve the quality of JEA's data (in the case of the passive email validation project). These enhanced tools largely leverage

Award# 2 02/08/2024 Supporting Documents

existing customer communication channels, but the key value driver is they will make it a lot easier and faster to get JEA messages to targeted audiences when needed most. V3 email portal will allow internal clients to push messages on their timeline (with an approval workflow), and EONs will allow Digital Communications to initiate ad hoc campaigns without incurring vendor staff time and programming hours, as is the case now. In the case of the latter, this will help JEA drive more predictability around our budget and mitigate monthly cost overruns.

Message Broadcast has maintained the same price on the existing services. On the new services Message Broadcast lowered the cost of its implementation \$25,857.00 (28%) via a reduction in its professional service hours and rates from their typical baseline rates. The ongoing monthly cost of the EONS was discounted a total of \$120,600.00 (67%) from their typical baseline rate over the twelve month term of this renewal. Message Broadcast also agreed to waive its implementation cost of its Passive Email Validation. The \$76,870.00 FY20 budget shortfall will be covered in the FY21 budget. The cost details of this renewal and additional scope are seen below:

Description	Type	Current Spend	Additional Scope Baseline Price	Additional Scope Negotiated Price	Estimated Savings
Existing Services	Ongoing (12 Months)	\$461,600.00	N/A	N/A	\$0.00
New Service - Self Service Email V3	One Time Implementation	N/A	\$63,492.00	\$57,720.00	\$5,772.00
New Service - Ad hoc Campaign Management (EONS)	Ongoing (12 Months)	N/A	\$180,000.00	\$59,400.00	\$120,600.00
New Service - Ad hoc Campaign Management (EONS)	One Time Implementation	N/A	\$11,700.00	\$9,750.00	\$1,950.00
New Service - Passive Email Validation	One Time Implementation	N/A	\$18,135.00	Waived	\$18,135.00
New Service - Passive Email Validation	Ongoing (12 Months)	N/A	\$0.002/email	\$0.002/email	
Totals		\$461,600.00	\$273,327.00	\$126,870.00	\$146,457.00

Procurement tracks two different types of savings. The total cost difference is comparing the current pricing with the proposed pricing (+/-). The total sourcing savings is determined by negotiations, BAFO savings and value added savings. Below is the result for this award:

* Total cost difference: N/A

* Total sourcing savings: \$146,457.00

Request approval for a one (1) year renewal and additional scope to Message Broadcast for the renewal of Customer Alerts and Preferences in the amount of \$588,470.00 for a new not-to-exceed total of \$2,649,815.00 subject to the availability of lawfully appropriated funds.

Award #2 December 17, 2015

Type of Award Request: PROPOSAL (RFP)
Request #: 352
Requestor Name: Benavides, Maria L.
Requestor Phone: (904) 665-7046
Project Title: Customer Alerts and Preferences
Project Number: 10500 and 008-197E
Project Location: JEA
Funds: Capital and O&M
Award Estimate:

Description of Request:

JEA is looking to select and implement an Alert Platform that will be used by JEA to setup and manage ongoing, triggered and ad hoc alerts. The chosen platform needs to enable JEA to manage *all* alerts, email, text/SMS (two way), voice (two way), and potentially print, through *one* (1) interface. JEA also expects the chosen platform to host the Customer Preference Center (allowing customers to select how, when and what messages they wish to receive) and store customer alert preferences (data hosting). The preferred platform will be able to integrate with all or some of the systems currently used by JEA.

Cost for additional voice beyond 500,000 messages	Unity/Block Cost	\$0.290

OPTIONAL - This would allow JEA the option to use the vendor services at a set hourly rate, rather than handle the development of new messages in house
 - development could include: design, programming, setup, etc.

**AMENDMENT #4
TO CONTRACT #151173
BETWEEN
JEA
AND
MESSAGE BROADCAST LLC
FOR
CUSTOMIZED PLATFORM FOR JEA’S CUSTOMER
ALERTS AND NOTIFICATIONS**

THIS AMENDMENT NUMBER 4 (“Fourth Amendment”) is made and entered into this _____ day of March 2021, (the “Effective Date”), by and between **JEA**, a body politic and corporate located at 21 W. Church St., Jacksonville, Florida 32202, and **MESSAGE BROADCAST, LLC**, a California limited liability company authorized to perform work in the State of Florida, with a corporate office located at 4585 MacArthur Court, Newport Beach, CA 92660 (the “Company”).

RECITALS:

WHEREAS, on March 11, 2016, the parties made and entered into an agreement (the “Original Agreement”) under which Company agreed to provide “Customized Platform for JEA’s Customer Alerts and Notifications”, through March 11, 2019, (the “Term”), with the option of two (2), one (1) year renewals and with a Maximum Indebtedness of One Million Five Hundred Twenty-Four Thousand Eight Hundred and 00/100 Dollars (\$1,524,800.00); and

WHEREAS, on October 1, 2016, JEA increased the Maximum Indebtedness, as allowed by the JEA Procurement Code, for additional scope of work to add professional service hours to research and development, in the amount of Nine Thousand Nine Hundred Forty-Five and 00/100 Dollars (\$9,945.00), for a new Maximum Indebtedness of One Million Five Hundred Thirty-Four Thousand Seven Hundred Forty-Five and 00/100 Dollars (\$1,534,745.00); and

WHEREAS, on February 26, 2019: JEA increased the Maximum Indebtedness in the amount of Four Hundred Sixty-One Thousand Six Hundred and 00/100 Dollars (\$461,600.00), to continue to distribute messages to key stakeholders through email, voice and SMS platforms, which shall be invoiced to JEA in accordance with Exhibit A, attached hereto. The new

Maximum Indebtedness shall be One Million Nine Hundred Ninety-Six Thousand Three Hundred Forty-Five and 00/100 Dollars (\$1,996,345.00); and the parties renewed the Term of the Original Agreement for one (1) year, through March 31, 2020; and

WHEREAS, on March 31, 2020: JEA increased the Maximum Indebtedness in the amount of Five Hundred Eighty-Eight Thousand Four Hundred Seventy and 00/100 Dollars (\$588,470.00). The new Maximum Indebtedness shall be Two Million Five Hundred Eighty-Five Thousand Four Hundred Fifteen and 00/100 Dollars (\$2,585,415.00); and the parties renewed the Term of the Original Agreement for nine months, through March 31, 2021; and

WHEREAS, now JEA desires to increase the Maximum Indebtedness, as approved by the JEA Awards Committee, in the amount of One Million Five Hundred Fifty-Seven Thousand and 00/100 Dollars (\$1,557,000.00), and the parties desire to renew the Term for (36) months until March 31, 2024.

IN CONSIDERATION of the Original Agreement and for the mutual promises and covenants herein contained, the sufficiency and receipt of which is hereby acknowledged, the parties agree as follows:

AGREEMENT:

1. **Maximum Indebtedness.** The Maximum Indebtedness of Original Agreement shall be increased by One Million Five Hundred Fifty-Seven Thousand and 00/100 Dollars (\$1,557,000.00). The total Maximum Indebtedness shall now be Four Million One Hundred Forty-Two Thousand Four Hundred Fifteen and 00/100 Dollars (\$4,142,415.00).

2. **Term.** The Term of the Original Agreement shall be extended until March 31, 2024, at and for the prices established in the Original Agreement and as described on Exhibit A, attached hereto.

3. The above recitals are true and correct and, by reference, are incorporated herein and made part hereof.

SAVE AND EXCEPT as hereby specifically amended herein, the terms and conditions of the Original Agreement, as amended, shall remain in full force and effect.

The above recitals are true and correct and, by reference, are incorporated herein and made part hereof.

JEA

Attn: Tricia Murphy
Email: murppc@jea.com
Phone: 904.504.6706

We are pleased to offer the following proposal, which is our understanding of your requirements, subject to acceptance within 30 days from the above date. Please advise us if there are any misunderstandings. This quotation is also subject to change upon notice.

Powell is pleased to submit the following equipment proposal for your review and consideration.

The Equipment Descriptions and Bills of Material presented represent our best understanding of your equipment requirements based on the specifications, one-line drawings, and data sheets provided with the inquiry package.

Please review the content of our proposal and advise any changes or additions required to meet your specific project needs. Pricing submitted is based on the Bills of Material and Equipment Descriptions listed within this proposal.

Also note that any purchase order resulting from this proposal must reference the Powell proposal number in the contract documents.

Thank you for the opportunity to earn your business. Our Bill of Material and Pricing is as follows:

REFERENCE: St John's 4 kV Switchgear

Power Control Room
Tag Number: St. John's Swgr. Bldg.

One (1) Powell PCR®, Power Control Room suitable for installation in an unclassified area with approximate exterior dimensions of:

15' 0" Wide with 6" wall thickness	Low ambient temperature: 0°F
30' 0" Long with 6" wall thickness	High ambient temperature: 104°F
11' 0" High less base and roof cap (interior height)	Altitude: 0 FT. above sea level

Estimated shipping dimensions and weight:

15' 9" Wide including 4.5" overhang on each side	Roof live load: 20 PSF
30' 0" Long with no overhang on each end	Floor live load: 150 PSF
13' 7" High including base and roof cap (approximate)	Basic wind speed: 120 MPH
Estimated weight including equipment: 51,022 LBS	

Structural Base:

- Welded channel construction, skid type, with structural supports and removable lifting lugs
- Steel floor, 1/4" thick with non-skid paint.
- 14 Floor penetrations, with surface mounted covers

Metal Preparation and Paint Finish:

- The welded base assembly is grit blasted to comply with the Commercial Blast Standard SSPC-6 as published by AISC.
- After blast, a primer is applied to the entire base using an industrial grade, high solid, and high build epoxy. The primer is applied to a minimum thickness of 4 mils.
- The structural elements of the base including all channels and angles are caulked to seal gaps and spaces that might allow moisture to collect.
- A second application of industrial grade, high solid, high-build epoxy is applied to the bottom of the base assembly. This application is BLACK in color and is applied to a minimum thickness of 4 mils.
- The sides of the base are finished using a black polyurethane paint with a minimum thickness of 2 mils.
- Total dry film thickness after coating:
 - For the top of the floor is 6 mils minimum
 - For the sides of the base is 6 mils minimum
 - For the bottom of the base is 8 mils minimum

REFERENCE: St John's 4 kV Switchgear

- Exterior interlocking panels, will be White (ANSI 01) per Powell Application Procedure. All interlocking panels and interior wall liners are pre-painted prior to assembly. An all-weather sealant is applied to all seams.

Exterior Wall, Interior Wall, Ceiling, and Roof Panels:

- Exterior walls and roof to be constructed of interlocking Powell, Pow-R-Loc panels. The design as a minimum, is to meet wind load requirements of FBC 2023
- Wall panels of 18 gauge galvanized steel painted White (ANSI 01) (Smooth)
- Roof panels of 18 gauge galvanized steel painted White (ANSI 01) (Smooth)
- Interior wall liner panels 16 gauge galvanized steel painted White (ANSI 01) (Smooth)
- Interior ceiling panels 14 gauge galvanized steel with integral Powl Strut System painted White (ANSI 01) (Smooth)
- Roof will have a slope of 1/4 inches per foot minimum
- 70 Linear feet of Painted Aluminum Gutter with Downspouts to Grade

Insulation for Base, Walls and Roof:

- Polyurethane spray on foam (3" R-20.1), meets ASTM E84 Flame Spread Test
- 6" code compliant wall with effective R-18.3 continuous insulation
- Code compliant roof with effective R-19.4 continuous insulation

Doors and Hardware:

- 2 Sets of aluminum panic door hardware, with door closer & key lock
- 2 Equipment door, single wide, 4' x 9', Painted Galv Steel, with 12" X 12" viewing window
- 7 Painted galvanized equipment rear access doors without split
- 2 Rain canopies over SINGLE wide equipment doors (Alu.)
- 22 Linear feet of drip shield over rear access doors (Alu.)

The PCR® will include the following accessory items:

- 1 AC Panel 208/120VAC, 3 Phase, 4 Wire, 250A Main Bus, 42ckt with 150A Main Breaker, 22kAIC
- 1 Building services transformer, 480-120/208 volt 3 phase 45 kVA, Type DOE2016, Copper windings, 150 degree C rise
- 1 Lot of Interior Vapor Tight LED lighting fixtures
- 2 Interior LED lighting fixtures, with a minimum 90 minutes emergency battery backup
- 2 Light switches

REFERENCE: St John's 4 kV Switchgear

- 4 Convenience receptacles
- 2 Exterior GFCI receptacles
- 2 Exit & Emergency Light Combo with dual LED lamps, 120/277 VAC
- 1 Lot of EMT conduit and wireway for interior and RGS for exterior building services
- 1 Lot of THHN/THWN wiring for utility lights, receptacles and space heater circuits

Equipment Power and Control Wiring and Interconnections:

- 80 Feet of cable tray 24" wide x 4" deep Aluminum
- 1 Cable tray tees 4" deep 24" wide
- 4 Cable tray elbows 4" deep 24" wide
- PCR Power wiring limited to 218 Terminations
- PCR Control wiring limited to 8 Terminations
- PCR Instrumentation wiring limited to 60 Terminations
- PCR Communication wiring limited to 10 Terminations

Grounding System:

- 110 Linear feet of bare Copper ground bus 1/4" x 2"
- 4 Copper ground pads on diagonal corners of building frame
- 10 Interconnection from each equipment ground bus to building frame
- 2 Interconnection from each equipment ground bus to building ground loop

Exterior Devices:

- 2 General Purpose exterior light, LED Wall Pack with Photocell, 100W Metal Halide Equivalent

UPS and DC System Components:

- 1 Battery exhaust fan and duct assembly
- 1 Hydrogen Gas Detector Powell standard
- 1 Eye Wash & Bowl
- 1 Mechanical installation of a Stackable 125 VDC Battery System
- 1 Furnish and install Safety Disconnect Switch, Non-Fusible, 2-Pole, NEMA 1, 100A

REFERENCE: St John's 4 kV Switchgear

Standard HVAC System:

- 1 Building HVAC system for a non-classified area, to include:
- 2 2-Ton Wall mounted HVAC with 3.8kW electric heat unit, 208-230V, 3-phase, 60Hz to include:
 - BARD 11.0 EER HVAC part no. W24AY-B05XXAXXJ
 - Aluminum air conditioner cabinet
 - Low Ambient control with Barometric Damper for compressor operation down to 0° Fahrenheit
 - Compressor control module located on the Back side, adjustable from 30 seconds to 5 minutes
 - Phase rotation monitor
 - High and Low pressure switches with built-in auto-reset
 - Factory installed internal disconnect MCCB, padlockable
 - MERV2 1-in disposable air filter
 - Dry contracts for remote alarm or lockout
 - Auto changeover digital thermostat
 - ANSI/UL 1995/CSA 22.2 No. 236-05

HVAC Accessories:

- 1 Lead lag controller, 2 units
- 1 High temperature alarm
- 2 Safety Disconnect Switch, Non-Fusible, 3-Pole, NEMA 3R, installed on wall mounted HVAC

Mechanical Equipment Installation:

- 1 Lot of installation of Powell furnished equipment to include:
 - 7 Sections of Medium Voltage Switchgear
 - 1 Mechanical installation of a circuit breaker test cabinet
 - 2 Wall Mounted HVAC Unit(s)
 - 1 Wall Mounted NEMA 1 Enclosure with Annunciator SEL 2533012130XA2X0 (2533#PGBF)
 - 1 Wall Mounted fold-away workbench, 28"D x 48" Long, made of polyethylene, 300LBs work surface capacity
 - 2 Intrusion Alarm

REFERENCE: St John's 4 kV Switchgear

Miscellaneous:

- 1 Installation Chatsworth Fiber optic rack
- 1 Lot of Internal device nameplates if required
- 1 Structural Analysis by Professional Engineer for the State of Florida to confirm PCR design and structural integrity per FBC 2023
- 1 State of Florida code compliance licensing fee
 - Powell's PCR design shall be guided by FBC 2023 and FBCEC 2023
 - Equipment clearance and egress proposed are based on the NEC 2017

**REFERENCE: St John's 4 kV Switchgear****DC System****(1) 4BG8110NTBAC00 PowerCab System to include:**

NEMA 1 Cabinet, Steel, ANSI 61 Gray
Key Locking Main Door and Finger Turn Latch Breaker Door
Input: 115-120/208/230-240V Single Phase, 60 Hz
Output Current: 16A
Output Voltage: 120VDC
Internal 30 Circuit DC Distribution Panel
(1) 100A, 2 pole battery breaker
(1) 2 pole charger feed breaker
(12) Two pole breaker positions open
Battery: 96AH; one 96Ah battery string
DEKA Unigy I 12AVR100ET or similar
10 year design life.
Flame Retardant, UL94-VO/L.O.I. 28%
Total Electrolyte Volume: 13.5 gallons
Short Circuit Current: 3,070 amps
Hydrogen Evolution: See the attached Battery Ventilation Requirements
Weights and Dimensions: See the attached Rack Drawing and Info.pdf
 IQ2 charger with:
Charger p/n: Q120016TL514A
LCD alarm display with (1) summary form C contact
Battery Eliminator Filtering: 30 mV ripple filter with battery or 100 mV without battery
Reverse polarity diode and blocking diode
AC (input) and DC (output) breakers
No low DC voltage disconnect
No Inverter
System Dimensions: 30.5"W x 31.5"D x 78.7"H
Estimated Weight: 1,475 lbs.
UL/cUL Listed
Heat Loss for the charger: 246 watts

- (12) BP-GHB-2020 - 20A, Two Pole DC Breaker for the DC Distribution Panel in the above PowerCab.
Breaker capacities from 15A to 60A are also available at the same price per breaker.
Number of circuits or breaker capacity were not specified; the quantity quoted here fills the available open positions in the distribution panel above.
The breaker ampacity was not provided; the customer is responsible for verifying that the breakers are correct for the application.

REFERENCE: St John's 4 kV Switchgear

Freight Estimate – PowerCab system as quoted above

Freight Estimated to Houston, TX 77061 via standard ground transportation.

This freight estimate assumes no options such as a tailgate lift is required on site.

This freight estimate is included to provide an approximate freight cost to the customer.

Our freight terms are FCA factory. SENS will pre-pay freight charges and add them to the customer's invoice upon request. The amount invoiced will be based on the actual freight charges.

4.16kV Metal Clad Switchgear

Tag Number: MV SWGR

One (1) line-up of PowlVac® metal clad switchgear with vacuum circuit breakers designed in accordance with ANSI standards C37.04, C37.06, C37.20.2, and rated as follows:

Maximum Voltage Class:	4.76 kV
Service Voltage:	4.16 kV
Basic Impulse Level:	60 kV
Power Frequency Withstand:	19 kV
Voltage Range (K factor):	1
Short-circuit Current Rating:	36 kA rms
Close and Latch Capacity:	94 kA Peak
Close Voltage:	125 VDC
Trip Voltage:	125 VDC
Frequency:	60 Hz

(7) Vertical sections of metal clad switchgear each with the following common features:

- Indoor enclosure, NEMA 1, 11 gauge steel
- Basic one high construction including a standard rear access door as an integral part of the PCR®
- Laminated plastic mimic bus
- 1200A main bus, silver plated copper, 3 phase, 3 wire
- Flame retardant and track resistant Bonded Epoxy bus insulation system
- Epoxy main bus pass through insulators in a glass polyester mounting
- Carbon steel Grade 5 mounting hardware, plated for corrosion protection
- Phase polarity 1 2 3 or A B C, front to back, top to bottom, left to right
- Ground bus, 1/4 x 2, copper with plating to match main bus
- Control terminal blocks, 600 volt, 30 ampere
- Control wiring, 14 gauge, 41 strand, type SIS with VW-1 flame retardant rating
- Control wire termination, insulated, locking fork/spade tongue, crimp type
- Current transformer shorting type terminal blocks
- Current transformer wiring, 10 gauge, 105 strand, type SIS with VW-1 flame retardant rating
- Current transformer wire termination, insulated, ring tongue, crimp type
- Wire harnesses
- Common DC bus #8 AWG SIS wire with seamless ring tongue terminations
- Raised profile nameplates with nylon push-in fasteners
- Wire markers, sleeve type
- Enclosure space heater with expanded metal cage, rated 240VAC, energized @ 120VAC

REFERENCE: St John's 4 kV Switchgear

- Barrier behind the instrument compartment doors
- Textured powder coat paint finish
- ANSI-61, light gray exterior with white instrument panels

(1) Set of enclosure options:

- 1 Space heater circuit with MCCB supply disconnect, thermostat and bypass switch
- 2 Ground cable lugs (4/0)

(2) Sets incoming line voltage monitoring equipment, each to include:

- Roll-out assembly complete with primary & secondary fuses
- 3 Voltage transformers, 4200:120 volt

(2) Sets switchgear main bus voltage monitoring equipment, each to include:

- Roll-out assembly complete with primary & secondary fuses
- 3 Voltage transformers, 4200:120 volt

(2) TRANSFORMER circuit breaker equipment sets, each to include:

- Circuit breaker cell rated 1200 ampere with closed door racking provision, viewing window, integral light and remote switch, riser bus, cell studs, insulated primary spouts, automatic isolating shutters, and cell interlocks as required by ANSI
 - Silver plated copper runback bus assembly rated 1200A with boots
 - Epoxy bus standoff assembly
- 1 **PowlVac drawout vacuum circuit breaker rated 5kV, 1200A, 36kA with closed door racking provision, 05PV36, with 3 "a" & 3 "b" contacts**
 - Circuit breaker switch, MOC 13 circuit (7 a & 6 b)
 - Circuit breaker switch, TOC 13 circuit (7 a & 6 b)
 - Shutter position indicator
 - Door provision for electrical racking device
 - 1 Set close circuit disconnect fuse block with fuses
 - 1 Set trip circuit disconnect fuse block with solid link
 - 2 Set relay circuit disconnect fuse block with fuses
 - 6 Current transformers, multi ratio, high burden - 1200:5, C-400
 - 1 Control switch, open/close
 - 3 Indicating lights LED type
 - 1 Device 86, lockout relay LOR, 5 decks, 20 contacts
 - 6 Test switch with rear wired connection and semi-flush mount, 10-pole, MPS UTS1
 - 1 **SEL Feeder Protection Relay (751501ACACA70850620, 751#24KF)**

REFERENCE: St John's 4 kV Switchgear

- 2 SEL-C804 Multimode Arc-Flash Point Sensor (C804040XXXXX) Configuration: C804#8F48
- 1 SEL-C804 Multimode Arc-Flash bare Loop Sensor C80404V04XX Configuration: C804#MDHF
- 1 Shark® 100-60-10-V2-D2-485P-X
- 1 SEL 787 Transformer Protection Relay (07871X1ACACAA5850220, 787#GTKF)
- 1 ION 7650 Transducer (SQD# METSEION92040)
- 1 INCON Tap position monitor 1250B-1-S
- 1 Beckwith Digital Tap changer Control (M-2001c-6SL)
- 1 Current Loop Interface (M-2025B)
- 3 Cable lugs, 500 MCM
- 3 Set cover boots
- 1 Lot nameplates

(1) BUS TIE circuit breaker equipment set, each to include:

- Circuit breaker cell rated 1200 ampere with closed door racking provision, viewing window, integral light and remote switch, riser bus, cell studs, insulated primary spouts, automatic isolating shutters, and cell interlocks as required by ANSI
- Silver plated copper tie bus assembly rated 1200A
- Epoxy bus standoff assembly
- 1 PowlVac drawout vacuum circuit breaker rated 5kV, 1200A, 36kA with closed door racking provision, 05PV36, with 3 "a" & 3 "b" contacts**
- Circuit breaker switch, MOC 13 circuit (7 a & 6 b)
- Circuit breaker switch, TOC 13 circuit (7 a & 6 b)
- Shutter position indicator
- Door provision for electrical racking device
- 1 Molded Case Circuit Breaker disconnect, 125VDC, 2 pole
- 1 Set close circuit disconnect fuse block with fuses
- 1 Set trip circuit disconnect fuse block with solid link
- 4 Set relay circuit disconnect fuse block with fuses
- 3 Current transformers, multi ratio, high burden, 1200:5, C400
- 1 Control switch, open/close
- 3 Indicating lights LED type
- 1 Device 10, Trip selector switch
- 1 Device 43, Auto/Manual selector switch
- 1 Device 86 LOR, lockout relay, 3 decks, 12 contacts
- 2 Test switch with rear wired connection and semi-flush mount, 10-pole, MPS UTS1
- 1 SEL-2407 satellite-synchronized clock (24070A03B, 2407#2FJD)
- 1 SEL-953 Coaxial Cable C953#0102
- 1 SEL-3350 SEL-3350 Automation Controller (3350#1KP4)**
- 1 SEL Feeder Protection Relay (751501ACACA70850620, 751#24KF)**

REFERENCE: St John's 4 kV Switchgear

- 2 SEL-C804 Multimode Arc-Flash Point Sensor (C804040XXXXX) Configuration C804#8F48
- Lot of Programming of Powell's Std. M-T-M transfer scheme utilizing (3) SEL-751A protection relay
- 1 Lot nameplates

(4) FEEDER and SPARE circuit breaker equipment sets, each to include:

- Circuit breaker cell rated 1200 ampere with closed door racking provision, viewing window, integral light and remote switch, riser bus, cell studs, insulated primary spouts, automatic isolating shutters, and cell interlocks as required by ANSI
- Silver plated copper runback bus assembly rated 1200A with boots
- Epoxy bus standoff assembly
- 1 PowlVac drawout vacuum circuit breaker rated 5kV, 1200A, 36kA with closed door racking provision, 05PV36, with 3 "a" & 3 "b" contacts**
- Circuit breaker switch, MOC 13 circuit (7 a & 6 b)
- Circuit breaker switch, TOC 13 circuit (7 a & 6 b)
- Shutter position indicator
- Door provision for electrical racking device
- 1 Molded Case Circuit Breaker disconnect, 125VDC, 2 pole
- 1 Set close circuit disconnect fuse block with fuses
- 1 Set trip circuit disconnect fuse block with solid link
- 3 Set relay circuit disconnect fuse block with fuses
- 6 Current transformers, multi ratio, high burden, 1200:5, C400
- 1 Control switch, open/close
- 3 Indicating lights LED type
- 3 Test switch with rear wired connection and semi-flush mount, 10-pole, MPS UTS1
- 1 SEL Feeder Protection Relay (751501ACACA70850620, 751#24KF)
- 1 SEL-C804 Multimode Arc-Flash bare loop sensor C80404V04XX (CONFIGURATION:C804#MDHF)
- 1 Shark® 100-60-10-V2-D2-485P-X
- 3 Surge Arresters, Station Class, 3kV, Polymer
- 3 Cable lugs, 500 MCM
- 3 Set cover boots
- 1 Lot nameplates

(2) Arcteq Arc Quencher Systems, each to include:

- 1 MV Arc Quencher Device with 3AM4 (SiQuench AQD - 3AM4132-1DA12-0AB2-Z)
- 1 Arc Quencher Protective Relay (AQ-110PLV - AQ-110PLV-AABA)
- 1 Arc Flash Sensor Relays (AQ-103 - AQ-103LV)

REFERENCE: St John's 4 kV Switchgear

- 1 Arc Flash Point Light Sensors (AQ-01 (PLS) - AQ-01C-XXX)
- 1 Arc Quencher Assertion Fiber Cables, 3 meter length (AX-001 - AX-001-3)
- 1 Safety+ Annunciator Panel 22mmPL + Siren
- 1 Nexus 1500+ Time-Date SOE Recorder & Power Meter
- 1 AQ System C50 Controller with Ethernet Communications
- 1 AQ System 10" Color Touchscreen HMI
- 1 RJ-45 External Port Phoenix Quint Power Supplies
- 1 Lot nameplates

(1) Set of switchgear accessories to include:

- 2 Manual charging handle
- 2 Circuit breaker racking handle
- 1 Interlock override
- 1 Circuit breaker test cabinet with secondary disconnect plug
- 1 Electrically operated racking device
- 1 Circuit breaker lift truck
- 6 SEL-2814M0 (Configuration # 2814M0)
- 12 SEL-2812 (Configuration # 2812MRX0)

Freight/Risk Transfer:

Freight Prepaid and ADD: DAP Gate at customer jobsite
(INCOTERMS 2010 – freight prepaid and added at cost + 20%)
Equipment will be delivered DAP to gate at customer site by
Powell nominated carrier. Risk shall pass at commencement of
loadout.

Good faith pricing for above prepaid freight options based on:

- Gate - to - gate transport only
- Standard heavy haul tractor/trailer configurations with air ride trailers
- Approved routings based on DOT information at time of bid
- Fuel rates at time of bid
- Bucket trucks (if required)
- Permits and Escorts as required by overall weights and dimensions
- Quantity and size of each shipping section at time of bid
- Four hours of free time are included at jobsite, after which \$325 per hour demurrage charges may apply

Pricing for prepaid shipping may be impacted by the following:

- Inability of Powell's designated carrier to transport to an offload location within the customer facility using the standard tractor/trailer configuration which was used as the basis of this estimate
- The requirement for specialized transport equipment such as SPMT's (self-propelled motorized transports) within the customer facility due to tight turn radius or in-plant obstructions.
- Detention/Demurrage charges due to unforeseen re-routing or delays as directed by Department of Transportation, State, or City officials. This may be due to weather conditions, new road construction, traffic accidents, or other factors beyond Powell's knowledge or control at the time of this estimate.
- Significant increases in fuel rates or surcharges.
- Scope and design changes during the project that result in increases to overall weights and dimensions of one or more shipping sections.

TERMS & DELIVERY

General: Drawings shall be submitted in Powell's standard format.

Factory acceptance testing of equipment manufactured by Powell shall be per Powell's established ISO QA/QC procedures, and in accordance with applicable IEEE industry standards.

Factory acceptance testing of major buy-out items, if required, shall take place at the factory of origin and at buyer's expense. Major buy-out components may include, but are not limited to: packaged HVAC systems, DC Systems, UPS systems, third-party LV motor control, VFDs, etc.

Project Schedule: **Drawings for Approval:**
Submitted 30 to 35 Weeks after order entry.

Shipment:
40 to 45 weeks after return of all drawings approved, with full release for manufacture.

Lead-times for drawings and delivery are based on engineering and shop loading at the time of proposal submission. Lead-times may vary based on actual contract award date. Please contact your Powell Sales Representative to discuss potential expedited drawing or delivery options to meet your specific project needs.

Note: Design/Scope changes during drawing approvals and/or after RTM or Record drawing submittals may result in schedule and/or cost impacts.

Drawings & IOM Manuals: Powell issues drawings and manuals electronically to a customer specified FTP site, or via Powell Pitstop web based email. Powell generated drawings will be submitted as PDF, but native formats are available upon request. Electronic drawing formats from sub-suppliers will be provided as available from each sub-supplier.

Drawing Submittals: For all projects, Powell will submit (4) drawing packages. The purpose and content of the packages are explained in order of submittal below.

REFERENCE: St John's 4 kV Switchgear

Approval Drawings:

(See Project Schedule Above for Lead Times)

Approval drawing lead-time is inclusive of our Technical Review Process, which allows Powell to verify that we are in receipt of the latest project design information.

Tech Review will be completed within 1-3 weeks of order entry. Any resulting questions/clarifications will be submitted for customer acceptance and/or response before Powell completes and issues approval drawings.

Release to Manufacturing Drawings:

Submitted (3-4) Weeks after return of approval drawings.

RTM drawings will incorporate approved-as-noted customer mark-ups after return of approval drawings. This documents that the changes have been captured and incorporated into the final design for released to fabrication.

Record Drawing Package:

Submitted (4-6) weeks after issue of RTM drawings.

The Record drawing package will include:

- All previously submitted drawings with changes incorporated
- Detailed wiring diagrams
- PCR interconnection schedules (if applicable)
- Conduit schedules (if applicable).

Scope changes requested after completion of Record drawing package will be documented on final As-Built drawings which are submitted after shipment.

As-Built Drawings:

Submitted (2-4) Weeks after shipment from Powell Factory.

Certified As-Built Drawings will reflect the final design and construction of the equipment as it left the Powell factory upon completion.

Pricing:

Pricing is firm through Powell's quoted drawing and delivery schedule.

Taxes and Duties:

None included in base proposal.

Terms of Payment:

Net (30) days from invoice date.

REFERENCE: St John's 4 kV Switchgear

Progress Payments:	<p>The following progress payments are applicable to this proposal:</p> <ul style="list-style-type: none">10% - Order Entry:25% - Out for Approval:35% - Release for Manufacturing:30% - Ship:

Excusable Delay

“Purchaser acknowledges and agrees that performance of the contract by Powell Industries, Inc., and its subsidiaries including, without limitation, Powell Electrical Systems, Inc., Powell Canada, Inc., Powell (UK) Ltd, Powell (Middle East) B.V. and Powell Industries Asia Pte, Ltd (collectively “Powell”) may be impacted by the current COVID-19 pandemic . The extent of the impact on Powell’s performance is not yet known, however, because this pandemic is now a reasonably foreseeable event and could be construed as not being an event of Force Majeure going forward, the Parties agree to the following:

Powell specifically disclaims and shall not be responsible or liable for any failure or delay in its delivery/performance obligations under the contract to the extent that such failure or delay is caused by the COVID-19 pandemic including, without limitation, delays caused by Powell’s or its subcontractors/sub-supplier’s shortages for labor and/or material, transportation and/or the following of any federal, state/provincial, local governmental or agency advice or orders in protecting the health, safety and wellbeing of people. Powell will use commercially reasonable efforts to mitigate the effect of COVID-19 on its delivery/performance obligations; provided, however, in the event COVID-19 does hinder, prevent or delay Powell’s delivery/performance obligations, Powell shall be entitled to extend the delivery/performance date by the same number of days as the duration of the delay caused by COVID-19, plus a reasonable number of days to remobilize. In the event that COVID-19 delays Powell’s performance of the contract for a continuous period of more than six (6) calendar months, the contract may be terminated by Purchaser by giving ten (10) days written notice to Powell; provided, however, that such termination shall be treated as a termination for Purchaser’s convenience whereby Powell is paid for all work performed (including work in process plus reasonable absorbed overhead and profit) and its cost for non-returnable inventory held for work in process within forty-five (45) days of such termination. Powell will not be entitled to anticipatory profit on work not performed.”

Standard Conditions of Sale

Sale of any of the equipment or services described or referred to in any quotation at the quoted prices is expressly conditioned upon the terms and conditions set forth below. Any purchase order for or any statement of intent to purchase any such equipment or services, or any direction to proceed with engineering, procurement, manufacture or shipment, shall constitute assent to these terms and conditions and a representation that the Purchaser is solvent. Powell Electrical Systems, Inc. (the "Company") will accept orders submitted on the Purchaser's purchase order form or other communication containing terms or conditions in addition to, different from or inconsistent with the terms and conditions contained herein only upon the condition that together with the price and payment information, the identification of the equipment or services involved and any technical specifications for the equipment agreed upon by the Company, the terms and conditions contained herein shall nevertheless be the sole commercial terms and conditions of the agreement between the parties. The Company objects to and rejects any inconsistent, additional or different terms or conditions set forth in any purchase order or other communication from the Purchaser and those additional, different and inconsistent terms shall not be included in any agreement between the parties or binding on Company unless expressly and specifically agreed to in writing by a duly authorized representative of the Company.

WARRANTY

The Company warrants to the Purchaser that Purchaser will have good title to the equipment delivered hereunder, that the equipment to be delivered hereunder is new, unless otherwise stated, and that subject to the conditions below, the equipment will be free from defects in material or workmanship and will conform to specifications as separately approved in writing by Company. The Company warrants to the Purchaser that services, if any, will be performed in a good and workmanlike manner.

The warranty of performance, if any, and against defects in equipment and/or for services shall apply only to issues for which the Company receives written notice of during the applicable warranty period that appear during proper operation in normal use and service and which are due to causes other than those excluded below. For equipment that is not installed by the Company, this warranty period is eighteen (18) months from the date of shipment by the Company or twelve (12) months from first energization, whichever comes first. For equipment installed by the Company and/or service work, if any, this warranty period is twelve (12) months from the completion of installation or the services, as applicable, provided same is not unreasonably delayed by the Purchaser. The date and conditions of any tests shall be mutually agreed upon by Company and Purchaser.

Provided that the Company has timely received written notice of a valid warranty claim, the Company shall thereupon correct any defect or remedy any performance failure, either (at its option) by repairing any defective or damaged parts of the equipment at the Company plant or at the location of the equipment, or by making available at the Company's plant necessary repaired or replacement parts. The Purchaser shall be responsible for providing "free and clear" access to the affected portion of the equipment and any required costs for shipping the equipment or the parts to the Company plant for all Company corrective work. The liability of the Company under this warranty (except as to title), or for any loss or damage to the equipment whether the claim is based on contract or tort (including negligence), shall not in any case exceed the cost of correcting defects in the equipment and for services the Company's cost of reperforming the services, as herein provided and upon the expiration of the warranty period all such liability shall terminate.

These warranties and remedies are applicable only to the extent Purchaser's receipt, handling, storage, installation, testing, operation and maintenance, including tasks incident thereto, of the equipment are in accordance with the recommendations of the Company; and, such equipment shall not have been operated in excess of limitations specified by Company and not have been subjected to accident, alteration, abuse or misuse. Company expressly excludes any warranty for defect or failure of performance caused by erosion, corrosion or normal wear and tear. With respect to equipment or parts delivered under the agreement, Purchaser agrees to accept responsibility for (i) their selection to achieve Purchaser's intended results, (ii) their use of the item and their non-use of any feature thereof, (iii) the results obtained therefrom and (iv) the selection of, use of and results obtained from any equipment, programs or services not provided by Company and used in connection with items delivered hereunder.

THE WARRANTIES AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND REMEDIES, WHETHER WRITTEN, ORAL, IMPLIED OR STATUTORY (EXCEPT AS TO TITLE). THE COMPANY DISCLAIMS AND MAKES NO OTHER WARRANTIES TO PURCHASER, PURCHASER'S CUSTOMERS OR ANY OTHER PERSON OR ENTITY REGARDING THE EQUIPMENT, WORK, GOODS, ENGINEERING AND DESIGN SERVICES, FIELD INSTALLATION SERVICES OR ANY OTHER GOODS OR SERVICES PROVIDED UNDER THESE TERMS AND CONDITIONS AND EXPRESSLY DISCLAIMS ALL OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION:

DELIVERY

THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, PERFORMANCE, SUITABILITY AND THE ABSENCE OF REDHIBITORY DEFECTS; (1) ANY WARRANTIES RELATING TO PURCHASER-SPECIFIED THIRD-PARTY PARTS, COMPONENTS, PRODUCTS, SOFTWARE OR SERVICES; (3) ANY WARRANTIES RELATING TO LATENT DEFECT(S) AND/OR (4) ANY WARRANTIES THAT THE SERVICES, FIRMWARE OR SOFTWARE, IF ANY, WILL BE PROVIDED WITHOUT INTERRUPTION OR ERROR.

INTELLECTUAL PROPERTY

Except as set forth below, the Company shall defend any suit or proceeding brought against the Purchaser to the extent based on a claim that any equipment, or any part thereof, furnished under this contract constitutes an infringement of any patent of the United States, if notified promptly in writing and given authority, information and assistance (at the Company's expense) for the defense of same, and the Company shall pay all damages and costs awarded therein against the Purchaser. In case said equipment, or any part thereof, is in such suit held to constitute infringement and the use of said equipment or parts is enjoined, the Company shall, at its own expense and at its option, either procure for the Purchaser the right to continue using said equipment or part; or replace same with non-infringing equipment; or modify it so it becomes non-infringing; or remove said equipment and refund the purchase price and the transportation and installation costs thereof. The foregoing states the entire liability of the Company for patent infringement by said equipment or any part thereof.

The preceding paragraph shall not apply to any equipment or part thereof provided by the Purchaser or manufactured according to the Purchaser furnished or specified design and/or third party parts or goods to be incorporated into the Equipment by Company. As to any such design, product, part, or use in such combination, the Company assumes no liability whatsoever for patent infringement and the Purchaser shall indemnify, defend, and hold Company harmless against any damages, expenses, costs, reasonable attorney's fees, or losses resulting from any legal action or claim made against Company, either severally or jointly with Purchaser, or any suit or proceeding based thereon, for infringement (either direct or contributory) of patents, trademarks, or for unfair competition or misappropriation of trade secrets based upon or arising from (1) compliance with Purchaser's designs, specifications, or instructions; (2) the use of any item furnished hereunder, in combination with goods not supplied by Company, or (3) in connection with a manufacturing or other process utilizing any item, or part thereof.

Equipment or any parts thereof sold hereunder may be protected by intellectual property rights of the Company, including but not limited to, rights under issued and pending patents, mask work rights, copyright rights, trademark rights and trade secret rights. Neither the sale of items or any parts thereof hereunder nor the provision by Company of any supporting or related documentation, technical information or advice shall confer on Purchaser any license, express or implied, under any intellectual property rights of Company covering or relating to (1) apparatus or circuits in which the items or parts thereof may be used; (2) a process, machine, use or application in connection with which the items or parts thereof may be used; (3) the process of their manufacture; or (4) a combination in which the items or parts hereof may be used. **COMPANY MAKES NO WARRANTY, EXPRESS OR IMPLIED, THAT THE USE OF ITS EQUIPMENT OR PRODUCTS WILL NOT INFRINGE ITS INTELLECTUAL PROPERTY RIGHTS OR THE RIGHTS OF THIRD PARTIES WITH RESPECT TO ANY PARTICULAR USE OR APPLICATION AND SPECIFICALLY DISCLAIMS ANY AND ALL LIABILITY ARISING OUT OF ANY SUCH USE OR APPLICATION, INCLUDING BUT NOT LIMITED TO, CONSEQUENTIAL OR INCIDENTAL DAMAGES.**

Shipping dates are approximate and are based upon prompt receipt of all

payments due and necessary information from the Purchaser. Unless otherwise specified by the Company and at additional cost to the Purchaser, delivery will be made in accordance with Incoterms 2010 FCA Company's facility. Risks of loss or damage and title shall pass to the Purchaser upon delivery.

The Company shall not be liable for delays in delivery or in performance or failure to manufacture or deliver, due to (1) causes beyond its reasonable control, or (2) acts of God, acts or inactions of the Purchaser, acts of civil or military authority, priorities, fires, strikes or other labor disturbances, floods, storms, severe weather events, epidemics, war, riot, delays in transportation, or railcar or vessel shortages, or (3) inability on account of causes beyond its reasonable control to obtain necessary labor, materials, components, or manufacturing facilities. In the event of any such delay, the date of delivery or of performance shall be extended for a period equal to the time lost by reason of the delay plus a reasonable number of days to remobilize.

PAYMENTS

Pro rata payments shall become due as shipments are made and/or agreed milestones are reached. If shipments are delayed by the Purchaser, payments based on shipments shall become due on the date when the Company is prepared to make shipment. If the work to be performed hereunder is delayed by the Purchaser, payments shall be made based on the purchase price and the percentage of completion. Equipment held for the Purchaser shall be at the risk and expense of the Purchaser.

If the financial condition of the Purchaser at any time does not, in the judgment of the Company, justify continuance of the work to be performed by the Company hereunder on the terms of payment agreed upon, the Company may require full or partial payment in advance or shall be entitled to cancel any order then outstanding and shall receive reimbursement for its reasonable and proper cancellation charges as set forth below. In the event of bankruptcy or insolvency of the Purchaser or in the event any proceeding is brought against the Purchaser, voluntarily or involuntarily, under the bankruptcy or any insolvency laws, the Company shall be entitled to cancel any order then outstanding at any time during the period allowed for filing claims against the estate and shall receive reimbursement for its reasonable and proper cancellation charges as set forth below. The rights of the Company under this paragraph are cumulative and in addition to all rights available to the Company at law or in equity.

SALES AND SIMILAR TAXES

The Company's prices do not include sales, use, excise or similar taxes. Purchaser shall be responsible for all sales, use, excise and similar taxes and shall promptly reimburse Company for any such taxes it is required to pay or advance; provided, however, Company's invoices shall separately itemize all sales and use taxes included in any amounts due from Purchaser, and Company will not collect or remit such taxes (to the extent Company is legally able to do) if Purchaser presents Company with valid exemption or direct payment certificates or other appropriate documentation evidencing that Purchaser will itself pay taxes directly to the appropriate authority(ies) or its exempt from payment of taxes.

DISCLOSURE OF INFORMATION

Any information, suggestions or ideas transmitted by Purchaser to the Company in connection with performance hereunder are not to be regarded as secret or submitted in confidence except as may be otherwise provided in a writing signed by a duly authorized representative of the Company. Purchaser agrees not to use or disclose drawings, specifications, technical information or other data furnished by Company and identified by Company as confidential or proprietary data without the prior written consent of Company. Purchaser agrees and acknowledges that any improvement or modification to such confidential or proprietary data shall be the sole property of Company, regardless of whether any such improvement or modification was the creation of Purchaser. Purchaser further agrees to use all appropriate copyright and proprietary notices on all items delivered hereunder regardless of their intended use. Purchaser recognizes that such proprietary data is unique and consents to the remedy of injunction in addition to damages for violation of these provisions. Nothing in this clause, however, shall restrict

other sources.

CANCELLATION

The Purchaser may only cancel this order for convenience upon ten (10) days written notice, and upon payment by Purchaser to Company of the cancellation charges specified in the Company's quotation or proposal. If no cancellation charges are specified in the Company's quotation or proposal, then the Purchaser shall pay reasonable and proper cancellation charges, which shall include, without limitation, cancellation charges the Company incurs to its suppliers and subcontractors, costs of materials incurred through to the date of cancellation, charges for labor for work done through the date of cancellation (both of which shall include work in progress), and reasonable absorbed overhead and profit on all such materials and labor.

INDEMNITY

COMPANY SHALL NOT BE LIABLE OR RESPONSIBLE FOR, AND PURCHASER, AT ITS OWN EXPENSE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, SHALL INDEMNIFY, HOLD HARMLESS AND DEFEND COMPANY FROM AND AGAINST, ANY AND ALL SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS OR LIABILITY OF ANY CHARACTER, TYPE OR DESCRIPTION, INCLUDING, WITHOUT LIMITATION, ALL EXPENSES OF LITIGATION, COURT COSTS AND ATTORNEYS' FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, ARISING OUT OF, OR OCCASIONED BY, DIRECTLY OR INDIRECTLY (I) THE FAILURE OR DEFECTIVENESS OF ANY ITEM FURNISHED BY COMPANY HEREUNDER, INCLUDING CLAIMS AND DAMAGES ARISING IN WHOLE OR IN PART FROM THE NEGLIGENCE OF COMPANY, OR (II) THE USE OR MISUSE OR NONUSE BY PURCHASER, PURCHASER'S EMPLOYEES, PURCHASER'S CUSTOMERS OR OTHERS OF ANY ITEM OR ANY FEATURE THEREOF FURNISHED BY COMPANY HEREUNDER. THESE PROVISIONS ARE INTENDED TO INDEMNIFY THE COMPANY AGAINST THE RESULTS OF ITS OWN NEGLIGENCE.

LIMITATION OF LIABILITY

Unless otherwise agreed in writing by a duly authorized representative of the Company, products sold hereunder are not intended for use in connection with any nuclear facility or activity. If so used, the Company disclaims any liability for any nuclear damage, injury or contamination, and Purchaser shall indemnify the Company against any such liability, whether as a result of breach of the contract, warranty, tort (including negligence) or otherwise.

IN NO EVENT, WHETHER AS A RESULT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, SHALL THE COMPANY OR ITS SUBCONTRACTORS OR SUPPLIERS BE LIABLE FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT, INCIDENTAL OR PUNITIVE OR PENAL DAMAGES INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFIT OR REVENUES, LOSS OF USE OF THE EQUIPMENT OR ANY ASSOCIATED FACILITIES, DAMAGE TO ANY FACILITIES, COST OF CAPITAL, COST OF SUBSTITUTE PRODUCTS, FACILITIES, SERVICES OR REPLACEMENT POWER, DOWN-TIME COSTS, OR CLAIMS OF PURCHASER'S CUSTOMERS FOR SUCH DAMAGES. Any additional or different terms specifically relating to or addressing the subject matter of this paragraph shall be deemed material alterations within the meaning of Section 2.207(b)(2) of the Texas Business and Commerce Code.

EXCEPT FOR COMPANY'S OBLIGATION TO DELIVER TO PURCHASER FULL LEGAL TITLE TO AND OWNERSHIP OF ALL OR ANY PORTION OF THE EQUIPMENT AND SERVICES, IN NO EVENT, WHETHER AS A RESULT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE, GROSS NEGLIGENCE, INTENTIONAL CONDUCT OR STRICT LIABILITY) OR OTHERWISE, SHALL THE COMPANY'S TOTAL AGGREGATE LIABILITY TO PURCHASER FOR ANY LOSS OR DAMAGE ARISING OUT OF, OR RESULTING FROM, THIS CONTRACT, OR FROM THE COMPANY'S PERFORMANCE OR BREACH, OR FROM THE EQUIPMENT OR SERVICES FURNISHED HEREUNDER, EXCEED THE PRICE OF THE SPECIFIC EQUIPMENT OR SERVICE WHICH GIVES RISE TO

Purchaser's right to use or disclose drawings, specifications, technical information or other data which are to become generally known to the public without the breach of this clause by Purchaser, or are rightfully obtained from

**THE CLAIM.**

If the Company furnishes Purchaser with advice or other assistance which concerns any products supplied hereunder or any system or equipment in which any such product may be installed and which is not required pursuant to this agreement, the furnishing of such advice or assistance will not subject the Company to any liability, whether in contract, warranty, tort (including negligence) or otherwise.

ANTI-CORRUPTION

Purchaser acknowledges that the Foreign Corrupt Practices Act of the United States ("FCPA"), the Corruption of Foreign Public Officials Act ("CFPOA") of Canada, and the Bribery Act ("BA") of the United Kingdom will or may apply to transactions conducted under this agreement and agrees to comply with the FCPA, CFPOA and BA and any other applicable anti-bribery and/or anti-corruption rules as required. Purchaser agrees that it will not engage in any of the following activities in connection with this agreement: (A) offer, promise, or give any financial or other advantage to any persons (public or private); (i) in order to induce a person to improperly perform a relevant function or duty, or (ii) to reward a person for such improper activity, or (iii) where the person knows or believes that the acceptance of the advantage is itself an improper performance of a function or duty; or (B) offer, promise, or give any financial or other advantage to a public official, either directly or through a third party intermediary, with the intent to obtain or retain business or an advantage in the conduct of business by either; (i) influencing the official in his/her official capacity, (ii) inducing such foreign official to do or omit to do any act in violation of his/her lawful duties, (iii) securing any improper advantage, or (iv) inducing the official to use his/her influence with a government or instrumentality thereof to affect or influence any act or decision of such government or instrumentality.

Purchaser shall (a) maintain, throughout the duration of dealings between the parties, its own anti-corruption policies and procedures, including without limitation, adequate procedures designed to ensure that the party complies with the FCPA, CFPOA and BA, (b) provide a copy of such policies and procedures to the other party on request, and (c) monitor and enforce such policies and procedures as appropriate.

Purchaser shall maintain true, accurate, and complete accounting books and records relating to all of its activities under this agreement. Purchaser shall provide information, documentation and reasonable assistance to Company to support an inquiry or investigation of a suspected violation of the FCPA, CFPOA and/or BA.

Company may immediately terminate this contract or suspend its performance under this contract if it has reasonable belief that the other party has breached its compliance with these anti-corruption policies.

GENERAL

The Company represents that any goods to be delivered hereunder will be produced in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended. **The Company represents that it will abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status, or disability.**

Any assignment of this agreement or any rights hereunder, by the Purchaser (other than to its customer) without written consent of the Company shall be void.

Purchaser agrees that, with respect to the resale or any other disposition of items sold hereunder, Purchaser shall comply fully with the export control laws and regulations of the United States Government and any applicable laws and regulations of any other country including, but not limited to, the Export Administration Regulations ("EAR") and the International Traffic in Arms Regulations ("ITAR").

The provisions of this agreement are for the benefit of the parties hereto and not for any other person. No understanding, promise or representation, and no waiver, alteration or modification of any of the provisions hereof, shall be binding upon the Company unless agreed to in writing by an authorized representative of the Company. The invalidity, in whole or part, of any of the

provisions in these terms and conditions will not affect the remainder of such paragraph or any other paragraph contained herein.

The purchase order price is based on steel, aluminum, copper and third party material buyout prices in effect on the date of Company's quotation. In the event the prices for any of these materials increases in excess of five percent (5%) from the price for them in effect on the date of quotation, then Company shall be entitled to increase the purchase order price to cover same.

GOVERNING LAW

The agreement, including any Purchase Order, sales confirmation, Company quotation, all aspects of the transactions referenced in the Company's invoice to Purchaser, and any dispute related to any the foregoing, shall be governed by, and interpreted in accordance with the laws of the state of Texas (USA) which shall be the applicable law, without regard to its principles of conflict of laws. The United Nations Convention on Contracts for the International Sales of Goods shall not apply to this agreement.

DISPUTE RESOLUTION

Any dispute arising out of or related to the agreement shall be brought exclusively in federal or state court within Houston, Harris County, Texas. **EACH PARTY HEREBY IRREVOCABLY CONSENTS TO PERSONAL JURISDICTION IN ANY FEDERAL OR STATE COURT OF COMPETENT JURISDICTION LOCATED IN HOUSTON, HARRIS COUNTY, TEXAS AND IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW AND THE LAWS OF THE STATE OF TEXAS, ANY CLAIM OR OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE, THAT VENUE OR PERSONAL JURISDICTION IS NOT PROPER WITH RESPECT TO ANY SUCH DISPUTE. THIS WAIVER SHALL INCLUDE, BUT IS NOT LIMITED TO, ANY CLAIM THAT SUCH DISPUTE BROUGHT IN SUCH COURT HAS BEEN BROUGHT IN AN INCONVENIENT FORUM.** Purchaser agrees that valid service of process of any legal action against it shall be considered in all respects and for all purposes complete and binding on it if copies of all such process are mailed to it at the address appearing on Company's invoice, quotation or sales confirmation by registered mail, return receipt requested.

WAIVER OF JURY TRIAL

EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY DISPUTE ARISING UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND TECHNICAL ISSUES AND IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY.

Certification of Single Source or Emergency Procurement

Please use this form to certify a Single Source or Emergency Procurement complies with the requirements of the JEA Procurement Code. The JEA Procurement Code defines a Single Source and Emergency Procurement as follows:

3-112 Single Source

A Contract may be awarded for Supplies or Services as a Single Source when, pursuant to the Operational Procedures, the Chief Procurement Officer determines that:

- (a) there is only one justifiable source for the required Supplies or Services;
- (b) the Supplies or Services must be a certain type, brand, make or manufacturer due to the criticality of the item or compatibility within a JEA utility system, and such Supplies or Services may not be obtained from multiple sources such as distributors;
- (c) the Services are a follow-up of Services that may only be done efficiently and effectively by the Vendor that rendered the initial Services to JEA, provided the Procurement of the initial Services was competitive;
- (d) at the conclusion of a Pilot Project under Section 3-118 of this Code, the Procurement of Supplies or Services tested during the Pilot Project, provided the Vendor was competitively selected for the Pilot Project.

3-113 Emergency Procurements

In the event of an Emergency, the Chief Procurement Officer may make or authorize an Emergency Procurement, provided that Emergency Procurements shall be made with as much competition as practicable under the circumstances. A written Determination of the basis for the Emergency and for the selection of the particular Vendor shall be included in the Procurement file.

For purposes of this Section 3-113, an "Emergency" means any one of the following:

- (a) a reasonably unforeseen breakdown in machinery;
- (b) an interruption in the delivery of an essential governmental service or the development of a circumstance causing a threatened curtailment, diminution, or termination of an essential service;
- (c) the development of a dangerous condition causing an immediate danger to the public health, safety, or welfare or other substantial loss to JEA;
- (d) an immediate danger of loss of public or private property;
- (e) the opportunity to secure significant financial gain, to avoid delays to any Governmental Entity or avoid significant financial loss through immediate or timely action; or (f) a valid public emergency certified by the Chief Executive Officer.

Please provide the following information:

1. Vendor Name:

Powell Switchgear

2. Description of Services or Supplies provided by Vendor:

Powell is currently sole sourced for JEA's Arc Resistant Switchgear for voltage levels 5kV, 15kV and 38kV which are used in JEA's electric substations. Powell now supplies Switchgear with the Tech 4 ArcQuencher for JEA's switchgear which is similar to the Arc Terminating gear used in JEA's other 4kV substations. The use of the Tech4 ArcQuencher increases the safety for JEA personnel and protects the switchgear as well.

3. **Certification:**

I the undersigned certify that to the best of my knowledge, no JEA employee has, either directly or indirectly, a financial interest in this Single Source Emergency Procurement, and

I the undersigned certify that this procurement meets the requirements of a (choose one of the following):

Single Source Procurement. Please state which subsection of Section 3-112 above applies to this Single Source Procurement: (a) and (b) _____

OR

Emergency Procurement - Please state which subsection of Section 3-113 above applies to this Emergency Procurement: _____

Signature of JEA Business Unit Manager

1/26/24

Date

Kris Rosenhauer

Name of JEA Business Unit Manager

This certification shall be attached to the Purchase Order when it is routed for approval. A Single Source or Emergency Procurement shall be reported to the JEA Board in accordance with Section 1-110 of the JEA Procurement Code.
