PLUG IN TODAY: ELECTRIC FORKLIFTS

ELECTRIFICATION REBATE PROGRAM

ELECTRIFICATION IS THE FUTURE—\$500 REBATE AVAILABLE FOR ELECTRIC FORKLIFTS

As a JEA customer, you and your business can work smarter, not harder, which is why JEA’s **Electrification Rebate Program** assists you in purchasing or converting to electric forklifts.

Switching to electric can result in operational fuel and maintenance savings. Electrifying your forklifts also reduces emissions and provides a more efficient and enjoyable work environment.

The **JEA Electrification Rebate Program** offers customers a **\$500 rebate** for the purchase or conversion to an electric forklift, which replaces an internal-combustion counterpart.

READY TO APPLY?

WHY GO ELECTRIC?

- + Reduce maintenance costs**
Electric-powered equipment features up to 90% fewer moving parts than internal combustion engines and has no fuels or hoses, resulting in lower maintenance costs.
- + Lower fuel consumption**
Switching to electric can reduce fuel costs up to 70% and decrease exposure to more volatile fossil fuel.
- \$ Financial rebates**
JEA offers rebates to help you purchase electric forklifts so you can save money now.
- + Cleaner and healthier work environment**
Electric forklifts produce zero site emissions and reduce local air pollution.
- + Quieter, safer and more efficient work atmosphere**
The quiet operation of electric forklifts means less noise pollution, so workers can focus on the task at hand.
